GET CHARTER FIRST, URGES COLE, SPIRO

Presidents Chamber Commerce and Merchants' Exchange in Accord on Opposition to Calling Freeholders' Vote

"Let Municipalities Decide On General Scheme of Government," Is the Advice of Prominent Oakland Citizens

Walter D. Cole, president of the Oakland Chamber of Commerce, and I. H. Spiro, president of the Merchants' Exchange, today expressed themselves as opposed to a freeholders' election and endorsed the plan of Mayor Davies to call a consolidated city and county government that will incur expenditure of public funds until after the meeting of the municipalities and county districts, August 5.

Cole urged that before any freeholders' election is called the voters should have the opportunity of examining a tentative charter. Spiro said, "I am heartily in favor of Mayor Davies' plan. It is the most feasible plan that can be seen."

COLE ADVOCATES AGREEMENT FIRST
Cole's statement follows: I deem it advisable that a general scheme of government be decided upon by municipalities in the proposed consolidated area before an election is called for the choosing of freeholders.

In this manner all contracting parties would come to a general agreement before the taxpayers would be required to expend any considerable sum for the holding of an election. After such an agreement is reached, its broad details can be worked into a charter acceptable to all factors involved.

The building of such a charter would be the proper function of freeholders elected by the people. MAYORS ALL AGREE ON DAVIES' PLAN
Mayors of Alameda, Piedmont, Emeryville, Hayward and Livermore and other persons have reiterated their statements made last week against any move that would be "a step in the dark," and for one to before the entire community involved.

While some of these officials are not in favor of consolidated and some believe the sentiment in their communities is against the plan, there is an unanimity of opinion expressed by them that the plan of Mayor Davies of Oakland is the "safest step." Each intends to be represented at the meeting and each favors the appointment of a committee as suggested in Mayor Davies' plan.

In a statement recently issued Mayor Davies urged the adoption of economy and to inform the people as to the charter on which they may be called to vote, that no action be taken until after the conference at which time a will recommend the committee appointment. His plan, in brief, is that the committee draw up a provisional charter that the outside localities without the city limits which time a will recommend the committee appointment. His plan, in brief, is that the committee draw up a provisional charter that the outside localities without the city limits which time a will recommend the committee appointment.

Edison Caravan to Meet in San Francisco
SAN FRANCISCO, July 20.—The Edison Caravan, convention opens here on Monday, assembling music dealers from Colorado, New Mexico, British Columbia and the entire Pacific coast. Similar conferences have been held in New York and Chicago for the East and Middle West. Among the notables who will arrive in San Francisco Saturday night to be in attendance at the meeting are: William Maxwell, vice-president, Thomas A. Edison, Inc.; Dr. Henry Hadley, former conductor San Francisco Symphony orchestra; Dr. W. V. Bingham, professor of applied psychology, Carnegie Institute; Thomas Chalmers, Metropolitan Opera Company, baritone; John Lee Mahlin and Captain John J. Callahan.

WALTER D. COLE, President of Oakland Chamber of Commerce, who is against freeholders' election and who urges placing consolidated charter before the people.

Girl Smokers Are Dismissed By Stanford

Students Refused to Take Warning Against Their Conduct

STANFORD UNIVERSITY, July 20.—For "conduct incompatible in an institution where there are 500 women students," two women students of Stanford University have been dismissed. It was announced today. It was admitted that smoking was one among several reasons.

Five Workmen Suffer Injuries As Hoist Falls

Human Freight Drops Forty Feet When Elevator Brakes Fail to Hold

Five men were injured at 8 o'clock this morning when a hoist which was taking workmen to the second floor of a new building at Twenty-first and Webster streets, fell 40 feet to the pit below where the brakes refused to work. The improvised elevator was carrying six men when it fell.

CHARLES REARDON, 40, 478 Hobart street; confusion of the back, fractured wrist and possible internal injuries.
JESS FILLING, 34, 2411 Fruitvale avenue; wrenched back.
HARRY HANCOCK, 45, 412 Eighth street; wrenched right hip.
SAM PHILLIPS, 34, 1517 Eighteenth avenue; slightly injured.
ALBERT MOISEVY, hand cut.
The elevator, piloted by C. D. Bland, engineer, had come up about forty feet when it suddenly crashed to the ground. It has been in use for months while the three story concrete building has been under way. McDonald & Kahn are the contractors.

Widow and Man Slain; Police Are Baffled
BY ASSOCIATED PRESS.
LEASD WIRE TO TRIBUNE.
COSHOCOTON, O., July 20.—Police today were baffled by the mystery surrounding the shooting to death of Mrs. Minnie Dawson, 40, a widow, and Charles Zellers, 44, a widower, whose bodies were found in Mrs. Dawson's home. Mrs. Dawson had been shot through the temple and heart. Her right hand clutched a revolver. Zellers had been shot through the temple. Police believe the double shooting took place Saturday night and are working on the theory that Mrs. Dawson shot Zellers during a quarrel and then turned the weapon on herself.

Reparation for Raid Is Asked by U.S.
WASHINGTON, July 20.—The American consul at Mexico, Laredo, Mexico, has demanded atonement of the Mexican authorities for raids by troops of the De la Huerta government early Sunday morning on the ranch of Alfredo Matthews, an American citizen, at Alton, state of Nuevo Leon, the state department announced today.

TRIO JAILED IN CARLSTON THEFT CASE

Two Men Are Identified as Burglars By Servants; All Loot Except Watch and Some Clothing Recovered

Arrests Are Made Through Quick Wit and Help of Mrs. P. J. Delaney, Neighbor, Who Locates Stolen Goods

Three men are in the city jail in connection with the robbery of the home of J. P. Carlston, president of the Central National and Central Savings Bank, at Redwood Road and Geranium place, on the night of July 16.

Two of the men, Leo Brennan, 1438 Ellis street, San Francisco, and Ed Collins, 1016 Fillmore street, San Francisco, have been positively identified by the Japanese servants, S. Nishida and T. Nishida, who, as the men who participated in a burglary. The third man has not yet been connected with the robbery and the police are withholding his name until such time as he can be identified with the gang.

Practically all of the loot has been recovered. Thousands of dollars' worth of solid silverware is being held in the office of the captain of inspectors until it can be identified by Carlston, who is expected to arrive in Oakland today from British Columbia.

The story of the capture of the thieves reads like a motion picture plot. CAPTURE CREDITED TO NEIGHBOR WOMAN
Mrs. P. J. Delaney, wife of P. J. Delaney, a carpenter who lives near the Carlston home, is chiefly responsible for the capture of the thieves and the recovery of the loot.

One of the men held for investigation, Ed Collins, is awaiting trial in San Francisco on charges of robbery, according to Inspector Richard McSorley, who is working on the case.

That there were five men at least in the crowd and possibly six, was the statement today of McSorley. The men were captured through the quick wit of Mrs. Delaney, who became suspicious of two automobiles on the road near the Carlston home Sunday night.

The stolen goods were taken from the machine, which was completely encased with side curtains. A second machine without a driver stood a few feet distant.

WOMAN'S SUSPICION
As they strolled down the road a rustling in bushes nearby aroused the suspicion of Mrs. Delaney. She left her husband to guard the machine while she called her nephew, P. E. Blincoe, who was staying with her sister, Mrs. Lillie Danner, next door to the Delanys' home. The two went for the police in Blincoe's machine.

1500 Christians Herded in Church by Turks; Burned

(By International News Service)
LONDON, July 20.—Fifteen hundred Christians are said to have perished when Turkish Nationalists set fire to a Greek church at Fouladik in the Constantinople despatch to the Daily Express today quoting the Greek patriarchate in the Turkish capital. The Turkish Nationalists were said to have herded a majority of the Christian population of Fouladik into the Greek church and then applied the torch.

L'Alartha' PRISONER OF UNGLE SAM

Frize Fighter Jack Johnson Crosses Line From Mexico and Is Put Under Arrest as Being Fugitive White Slaver

White Wife Is Still His Pal, and He's Sure Glad to Get Back to the United States, He Tells Throng of Reporters

TIA JUANA, Mexico, July 20.—Jack Johnson, negro, former world champion heavyweight fighter, stepped across the Mexican border into the United States here at 9:30 a. m. today and was at once placed under arrest.

He was whisked to San Diego by automobile. "No man, unless he has been through the experience can realize the relief it brings when he returns to his country after being an inmate of the Mexican government prison for eight years," Johnson said.

Johnson's white wife, proceeded with him to the United States. Johnson said he had been in the United States for several days, he told newspaper men. He denied a story that has been current here that Johnson had been in the United States for several days, he told newspaper men. He denied a story that has been current here that Johnson had been in the United States for several days, he told newspaper men.

BANK BANDIT'S ESCAPE WITH \$20,000 LOOT
MINNEAPOLIS, N. D., July 20.—Five men early today held up and robbed the Bank of Oberon, N. D., near here and escaped with \$20,000 in cash and Liberty Bonds.

China Open Battle
SHANGHAI, July 20.—Hankow was thrown into panic Saturday night by a machine gun battle on the outskirts of the city, between Anfu troops of Wu Kwang Hsin, a relative of General T'uan Chi Ju, on the charge of attempted assassination. When the Wu Kwang Hsin troops attacked the city they were met by local forces and repulsed with heavy losses.

U. S. Railway Labor Board Grants \$600,000,000 in Raises to R. R. Employees

Specific Increases Are Allotted Employees Rated by Classes

CHICAGO, July 20.—In an award handed down today by the United States Railway Board, the following rates of increase per hour were established for the various classes as enumerated below:

ARTICLE TWO:
Section One—Storekeepers, assistant storekeepers, chief clerks, foremen, sub-foremen and other clerical supervisory forces—13 cents.
Section Two—Clerks with an experience of one (1) or more years in railroad clerical work, or clerical work of a similar nature in other lines, or with their cumulative experience in such clerical work is not less than one (1) year—13 cents.
Section Three—Clerks who experience as above defined is less than one (1) year, and until an experience of one (1) year in such work entitles them to the increase provided in Section 2—6 cents.
Section Four—Train and engine crew callers, assistant station masters, train announcers, gatekeepers and baggage and parcel room employees (other than clerical)—13 cents.
Section Five—Janitors, elevator and telephone switchboard operators, office, station and warehouse watchmen, employees engaged in assorting way bills and tickets, operating appliances or machines for perforating, addressing envelopes, numbering claims and other papers, gathering and distributing mail, adjusting telephone cylinders and other similar work—10 cents.
Section Six—Office boys, messengers, chore boys and other employees under 15 years of age, filling similar positions, and station attendants—5 cents.
Section Seven—Station, platform, warehouse, transfer, dock, pier,

Constables Are Shot Dead; Irish Town Is Sacked
LEASD WIRE TO TRIBUNE.
LONDON, July 20.—Two constables were shot dead near Tuam, nineteen miles from Galway, after which police sacked the town, setting fire to houses and burning the town hall, according to a news despatch from Dublin today.

Prices of Food Climb Steadily In Last Month
Increase of 9 Percent in Costs Over Country This Year Is Noted
BY ASSOCIATED PRESS.
LEASD WIRE TO TRIBUNE.
WASHINGTON, July 20.—Retail food prices continue to show a steady increase," according to a survey of the food budget of the average family for June, made public today by the Bureau of Statistics of the Department of Labor. An advance of 2 percent was noted June 15 over the prices on the same day the month before. This was an increase of 9 percent since the first of the year.

AMERICA FEEDS 100,000 DAILY TO AID POLES
WARSAW, July 19 (By The Associated Press).—It is estimated that 100,000 refugees who have fled from districts in Poland, Lithuania and Belorussia are being fed one meal daily by the American relief associations. In a majority of the regions the relief association is co-operating with the Polish Red Cross.

Says Awards Will Not Satisfy Men
CHICAGO, July 20.—L. E. Shephard, president of the Order of Railroad Conductors and one of the "big four" heads of the railroad unions, said today: "I do not believe that the award will satisfy the men, but I do not care to make any official statement now."

Los Angeles Feels Slight Earthquake
LOS ANGELES, July 20.—A sharp earthquake shock was felt here at 6:45 o'clock last night. No damage was reported from any quarter of the city from the tremor. There was no panic among the people and the theater-going crowds as large as usual.

BALTIMORE, Md., July 20.—Fire which broke out at 2:15 p. m. today in the center of the retail dry goods district caused a general alarm to be sent in. The section was seriously threatened, it was reported.

WORKERS TO VOTE UPON PAY AWARD
Railroad Managers Accept Decision, But All Assert an Increase in Freight Rates of 18 Percent Must Come
BY ASSOCIATED PRESS.
LEASD WIRE TO TRIBUNE.
CHICAGO, July 20.—Six hundred million dollars was added to the pay envelope of the nation's 2,000,000 railroad workers today by the new United States Railway Labor Board. Repeating the demands of the organized railroads for increases totaling approximately one billion dollars, the board decided approximately 60 per cent of that sum would be a just increase to meet present living conditions.
18 PER CENT FREIGHT RAISE NOW NECESSARY
An 18 per cent increase in freight rates will be necessary to meet the 21 cents average wage award granted railroad employees, E. T. Whiter, representative of the roads, said today before the Railway Labor Board, announcing today. The railroads plan, it is said, to file new tariffs with the Interstate Commerce Commission as soon as they can be filed.
Whether the award will stave off the threat of a general railroad strike remains to be seen.
The sixteen big railroad unions were present this morning when Judge R. M. Barton, chairman of the board, handed down the decision. They left immediately to prepare the award to 1000 general chairmen who had gathered here to pass on its acceptability.
DECISION WAS KNOWN YESTERDAY
The decision was known to the union presidents yesterday and they believed their men would stay in line, at least until a referendum vote can be taken. Nearly a month will be required for the ratification of the award, according to Whiter.
"The board assumes," as the basis of this decision," the award says, "the continuance in full force and effect of the rules, working conditions and agreements in force under the United States Railway Labor Administration. The intent of this decision is that the named increase, except as otherwise stated, shall be added to the rates of compensation established by the United States Railway Administration."
RAILROADS WILL ACCEPT AWARDS
The railroads, Whiter announced after the award was handed down, will accept the board's award and apply its terms immediately. "The award speaks for itself," Whiter said. "It means, of course, an increase in the cost of freight rates. To meet the board's estimated \$600,000,000 increase will require an increase of about 18 per cent in freight rates."
Freight and general officers of the five big brotherhoods went into executive session and indicated they would have nothing to say before late today.
The Union men as a whole seem dissatisfied with the increase awarded, but there was no talk prior to the executive session of a general strike. The new award grew at the leadership of the railroads, and the leaders would submit the question to a referendum vote of their men.
WILL BE TAKEN
The new railroad unions, which called the series of strikes this spring after their members had broken from the recognized brotherhoods, will submit the board's decision to a referendum vote of their members, John Grunau, president of the Chicago Yardmen's Association, announced today.
When the attention of Judge R. M. Barton, chairman of the board, was called to Grunau's plan, he pointed out that the decision specifically names 18 unions and some 400 roads as the parties concerned, and does not make an interval year of the membership of the C. Y. A.
"It was inconsistent to recognize one minority insurgent group and not the majority group. The group (continued on Page 2, Col. 1.)

U. S. RAIL BOARD MAKES AWARDS OF PAY RAISES

(Continued from Page 1.)

I spoke of being the Masters, Mates and Pilots of America."

MAXIMUM INCREASE 19 CENTS AN HOUR.

The board's decision is retroactive to May 1. As the maximum increase granted any class was 15 cents an hour, or \$36.72 per month, the biggest pay check due when the back pay settlement is made August 1 will be for \$110.16. Engineers, firemen and helpers in the yard service will receive this amount.

The board provides that the back pay checks shall be made out separately so that each man will know the amount he receives from that source.

Seven things were taken into consideration in arriving at the award, the preamble of the board's announcement says. They were:

- Scale paid for similar kinds of work in other industries
- The relation between wages and the cost of living
- The hazards of the employment, training and skill required
- Degree of responsibility
- Character and regularity of the employment and inequalities in increases and treatment resulting from previous wage orders
- BURDENS PUT ON FELLOW COUNTRYMEN.
- "Those persons who consider the rates determined on herein, too high should reflect on the abnormal conditions resulting from the high cost

The Lotion for Skin Disease

Here Are Groups Which Get Raise by Board's Award

The National Railway Labor organizations that received increased scales in the award today:

- International Association of Machinists.
- Sheet Metal Workers' International Alliance.
- Brotherhood of Locomotive Engineers.
- Brotherhood of Railroad Trainmen.
- Brotherhood of Railway and Steamship Clerks, Freight Handlers, Express and Station Employees.
- Switchmen's Union of North America.
- Brotherhood of Stationary Firemen and Oilers.
- Brotherhood of Railway Signalmen of America.
- Railway Employees' Department.
- American Federation of Labor.
- United Brotherhood of Maintenance of Way Employees and Railroad Shop Laborers.
- Order of Railroad Telegraphers.
- Brotherhood of Railway Carmen of America.
- International Brotherhood of Electrical Workers.
- Brotherhood of Locomotive Firemen and Enginemen.
- Order of Railway Conductors.
- International Brotherhood of Boilermakers, Iron Shipbuilders and Helpers of America.
- International Brotherhood of Blacksmiths, Drop Forgers and Helpers.
- Masters, Mates and Pilots of America.

of living and the high rates now being paid in other industry," the board says. The employees who may believe these rates too low should consider the increased burden these rates will place on their fellow countrymen, many of whom are less favorably situated than themselves.

"The board has endeavored to fix such wages as will provide a decent living and secure for the children of the wage earners opportunity for education and yet to remember that no class of Americans should receive preferred treatment and that the great mass of the people must ultimately pay a great part of the increased cost of operation entailed by the increase in wages determined herein."

The decision Chairman Barton expressed was not a unanimous one, some members dissenting on nearly every section. The awards given were by a majority vote on each section, with at least one member of the public group voting for each award.

Demands of the railroad men who struck last April and formed new unions are ignored by the board. In addition to the 16 recognized brotherhoods, two other unions, the

BREEZE FILLS OUT SHAMROCK SAILS FOR LEAD

(Continued from Page 1.)

spite a 12-mile breeze from the northwest.

Capt. William P. Burton, skipper of the Shamrock in the first two races, will again be at the wheel today. Sir Thomas Lipton on Burton's ship for another chance under good weather conditions, reconsidered his action in depositing the Corinthian skipper.

The Lipton ship took on herself additional help by an additional topsail which increases the challenger's time allowance to seven minutes, one second.

Today's race will be sailed over a triangular course of ten miles to each leg—the same as Saturday's race, which was not completed.

Betting favored the Resolute by odds of 6 to 5.

After today's contest the races will be staged on consecutive days, unless one of the skippers demands a day of rest in which to make repairs.

The decision provides that in case of a dispute as to the interpretation of the decision the question shall be referred to the board for decision. The law does not require, however, that either side must accept the award.

The decision provides that the daily increase shall be computed as eight times the hourly rate, and the monthly increase as 204 times the hourly schedule.

WASHINGTON, July 29—Immediately upon receipt of the award of the Railroad Labor Board's wage award, railway executives here went into conference today to frame their recommendations to the Interstate Commerce Commission for advances in rates to meet the added expense of \$900,000,000 to the carriers.

The commission now has under consideration the carriers' application for freight rate increases to provide an added income of \$1,017,000,000 annually, but these increases do not take into account any wage advances.

ST. LOUIS, Mo., July 29—The award of the Railroad Labor Board, announced today, is "entirely unsatisfactory," declared Fred G. Schuler, Jr., treasurer of the St. Louis Teamsters' Association, the "outward" union which has been on strike here several months. "Any award not restoring seniority rights to striking switchmen would in no way affect the strike here," he said.

Specific Increases Allowed Employees by Classification

(Continued from Page 1.)

and for coal wharf, coal chute, and fence gang foremen, pile driver, ditching and hoisting engineers and bridge inspectors, except such assistants, water supply and plumber foremen as were paid under the provisions of supplement No. 4 to general order No. 27—15 cents.

Section track maintenance foremen and assistant section track and maintenance foremen—15 cents.

Mechanics in the maintenance of way and bridge and building departments, except those that come under the provisions of the national agreement with the Federated Shop Trades—15 cents.

Mechanics' helpers in the maintenance of way and bridge and building departments, except those that come under the provisions of the national agreement with the Federated Shop Trades—8 1/2 cents.

Track laborers and all common laborers in the maintenance of way department and in and around shops and roundhouses, not otherwise provided for herein—8 cents.

Drawbridge tenders and assistants, piledriver, ditching and hoisting foremen, pumper engineers and pumpmen, crossing watchmen or flagmen, and lamp-lighters and tenders—9 1/2 cents.

Laborers employed in and around shops and roundhouses, such as engine watchmen, oilers, wipers, fire-fighters, ash-pit men, boiler benders, cooperers (except those coming under the provisions of Article 8, Section 3, this decision), coal chute men, etc.—10 cents.

ARTICLE FOUR—SHOP EMPLOYEES.

Supervisory forces—13 cents.

Machinists, boilermakers, blacksmiths, sheet metal workers, electrical workers, carmen, molders, cupola tenders and coremakers, including

ARTICLE SEVEN, TRAIN SERVICE EMPLOYEES.

Class	Per mile	Per cent	Per day	Per month
Passenger service:				
Conductors	.87	1.00	\$1.00	\$30.00
Assistant conductors or ticket collectors	.67	1.00	1.00	30.00
Baggage men handling express and dynamo	.67	1.00	1.00	30.00
Baggage men operating dynamo	.67	1.00	1.00	30.00
Baggage men handling express	.67	1.00	1.00	30.00
Baggage men	.67	1.00	1.00	30.00
Flagmen and brakemen	.67	1.00	1.00	30.00
SUBURBAN SERVICE (EXCLUSIVE).				
Conductors	.87	1.00	1.00	30.00

Guard acting as brakemen or flagmen	.67	1.00	1.00	30.00

be covered, each month, beginning with May, 1920, shall be computed as soon as practicable, and, as soon as completed, payments shall be made.

The increase in wages and the rates hereby established shall be incorporated in and become a part of existing agreement or schedules.

Except as specified and modified herein, the rules regulating payments of overtime, or working conditions in all branches of service, and the established and accepted methods of computing time and compensation thereunder, shall remain in effect until or unless changed in the manner provided by the transportation act, 1920.

It is not intended in this decision to include or fix rates for any officials of the carriers affected except that class designated in the transportation act of 1920, as "subordinate officials," and who are included in the act as within the jurisdiction of this board. The act provides that the term "subordinate officials" includes officials of carriers of such class or rank as the Interstate Commerce Commission shall designate by regulation duly formulated and issued. Hence, whenever in this decision words are used, such as "foremen," "supervisor," etc., which may apply to officials, such words are intended to apply to only such classes of subordinate officials as are now or may hereafter be defined and classified by the Interstate Commerce Commission as such subordinate officials.

ARTICLE EIGHT, STATIONARY ENGINE (STEAM) AND BOILER ENGINEERS.

Stationary engineers (steam) 15 cents.

Stationary firemen and engine room oilers—13 cents.

Boiler room water tenders and coal passers—10 cents.

ARTICLE NINE—SIGNAL DEPT. EMPLOYEES.

Signal foremen, assistant signal foremen and signal inspectors—12 cents.

Leading maintainers, rang foremen and leading signal men—13 cents.

Signal men, assistant signal men, signal maintainers and assistant signal maintainers—12 cents.

Helpers—10 cents.

ARTICLE TEN.

Deals with masters, mates and pilots. It gives those in New York harbor increases ranging from \$150 to \$220 a month; Philadelphia, Camden and Wilmington men, \$111 to \$190; workers in ports at the Mississippi river mouth, \$110 to \$230; Norfolk, Newport News and adjacent ports, \$122 to \$250; Baltimore, \$147 to \$201.

ARTICLE ELEVEN.

Other supervisory forces: Add in the rates established by or under the authority of the United States Railroad Administration, for each of the hereinafter named classes, the following amounts per hour:

- Tram dispatchers 12 cents.
- Yardmasters and assistant yardmasters—15 cents.

ARTICLE TWELVE.

Miscellaneous employees: Add in the rates established by or under the authority of the United States Railroad Administration, for employees in the hereinafter named departments who are properly before the board and not otherwise provided for, an amount (added per section three, article thirteen), equal to that established for the respective classes to which the miscellaneous classes hereinafter listed are added. The increase of this article is to extend this decision to a miscellaneous class of supervisors and employees, practically impossible to specific classification, and at the same time ensure to them the same consideration and rate increases as provided for analogous service.

ARTICLE THIRTEEN—GENERAL APPLICATION.

The increases in wages and rates hereby established shall be effective as of May 1, 1920, and are to be paid according to the time served to all who were then in the carriers' service and retained therein, or who have since come into such service and remained therein.

The provisions of this decision will not apply in cases where amounts less than thirty dollars per month are paid to individuals for special service which takes only a portion of their time from outside employment or business.

Increases specified in this decision are to be added to the hourly rates as established by or under the authority of the United States Railroad Administration for employees now being paid by the board. For employees paid by the day, add eight times the hourly increase specified to the daily rate. For employees paid by the month, add two hundred and four times the hourly rate specified to the monthly rate.

Each carrier will in payment to employees on and after August 1, 1920, include therein the increases in wages and the rates hereby established.

The amounts due in back pay from May 1, 1920, to July 31, 1920, inclusive in accordance with the provisions of this decision, will be computed and payment made to the employees separately from the regular monthly or semi-monthly payments, so that employees will know the exact amount of their back pay.

Recognizing the clerical work necessary to make these computations for back pay and the probable delay before the entire period can

Rail Heads Meet to Plan Rate Increase

CHICAGO, July 29—Railroad representatives assembled here in three groups today for preliminary consideration of the United States Railroad Labor Board's decision. Later today the groups were to break up into smaller bodies more nearly related by nature of their work.

FARES INCREASE.

SYDNEY, Australia, July 29.—(By Mail.)—Passenger fares across the Pacific have been increased ten per cent. The steamship companies say the increase is necessary to cover increased operating costs.

Liberia, Aided By U.S., Is Prospering
NEW YORK, July 19.—Liberia, the negro republic on the west coast of Africa, is rapidly becoming a prosperous and important exporting

country as the result of American financial aid in road building and general development, according to Joseph L. Johnson, of Columbus, O., United States minister and consul general to the African republic, who arrived on board the steamer late de Panay.

CUBANS REJECT CALIFORNIA RICE WORTH MILLIONS

HAVANA, July 20.—Havana bankers and a committee representing the California Rice Association conferred today on the serious credit situation resulting from alleged failure of certain Cuban importers to accept rice shipments valued at more than \$20,000,000 now held up in harbor here, which it is claimed, were shipped under contract.

No statement was given out by the conferees, but the bankers are reported to have demanded that merchants protect their paper and to have intimated that the island's credit might be seriously involved, as American exporters are becoming dubious of the good faith of certain Cuban importers.

When we were passing the machine near the road. "Listen," I said to my husband; "you stay here and watch while I go over to Ed's and get his car. We will go for the police."

You see, we had read about the robbery of the Carlston home and now we knew that these men were connected with the robbery. Meanwhile the men in the car drove it down the road about half a mile. We followed in our car and soon it stopped and we thought that they had tire trouble.

I said, "Let's go for the police anyway. There is something wrong here."

At about fifty miles an hour we drove to the Melrose police station. Four policemen followed in a police car.

The machine was still there and my husband and I went with the gun. The policemen rushed the auto and captured the men in it. Two of them stayed with the car, and two more went up the hill near the Carlston home.

MAX ARRESTED AS HE APPROACHES CAR
When our car came into sight we saw two flash from the shrubbery on the hill. It was their car.

While the officers were up at the Carlston place a man came down from the hill and walked right up to the captured machine. He had stickers all over his clothes and asked the way to the car line.

One of the policemen grabbed him and searched his pockets. He found a loaded revolver.

They searched the hills and brush, but the others escaped. Last night we set out to look for the lost machine which we believed was hid. We found a lot of silverware tied up in a bedspread. We looked further and we found another similar bundle on the hill.

This morning on our way to work we found a suitcase in an empty duck pond. We opened it and found several small pieces of silver and a fine evening gown. Nearby was another bundle of silverware.

We piled it all into the machine and drove to the Central police station this morning.

That the lost machine recovered by the Delaneys is practically all that was taken was the statement of Inspectors McSorley and Frank Rosick. All that is still missing is a gold watch and a platinum chain. Several suits are also said to be missing.

The police expect to make other arrests within a few days. The prisoners now being held have not made any statement, but it is expected that they will tell their part in the affair before long.

The final checking up of the lost

PARLEY PARKS CHRISTENSEN, presidential nominee of new Farmer-Labor party. He is unmarried and 49 years old. His home is in Salt Lake City.—Copyright by Underwood & Underwood, New York.

MOORE DECLINES MANAGEMENT OF COX CAMPAIGN

COLUMBUS, Ohio, July 20.—After a two-hour conference at Governor Cox's residence today in which the governor, Franklin D. Roosevelt, Ed H. Moore of Youngstown, Ohio, and George White of Marietta, Ohio, participated, it was announced that Moore had positively declined to become Democratic national campaign chairman.

It was stated White would likely run the campaign provided the national committee should create a special campaign committee. Under a rule recently adopted by the national committee, its chairman must be a member of the committee. It could, however, create the special campaign committee and make White its head.

U.S. Is Watching Proposed Lay-Off

WASHINGTON, July 20.—The government is watching "with deep interest" the proposed layoff of men by the American Woodmen today. It was said at the White House today. It was not indicated if any action was contemplated.

will be made as soon as Carlston arrives in Oakland. His arrival is awaited to clear up several points in connection with the burglary which have not been solved.

The men held in the city jail will be charged with burglary.

TO SLEEP SILENTLY, Underwood's Acid Phosphoric Bath is a tea-powder in water, taken before retiring. Bottle 25c.—Advt.

JOHNSON OFFERS G.O.P. HELP IN FIGHT ON LEAGUE

BOSTON, July 20.—Senator Hiram Johnson, in a letter to Bancroft Abbott, leader of the Johnson forces in the pre-convention campaign in this state, said that if Senator Harding in his speech of acceptance of the Republican nomination for the Presidency should "honestly, frankly and courageously take his position in favor of the Americanism that is ours," he could "cheerfully and enthusiastically go forward with the Republican party."

If in his speech of acceptance "he should evade the issue," Senator Johnson added, "a most difficult situation will be presented to me like myself."

PLATFORMS MEET ISSUE
The Republican platform plank on the league of nations, Senator Johnson said, "was not such as I would have written, but nevertheless its language seemed to me capable of but one construction."

The big issue, which has engrossed me for so long and which has become a part of my life, seems to have been met by both platforms, the Republicans assuming the position I have taken from the first, and the Democrats the contrary position in favor of the league.

Under these circumstances it seems to me that men who viewed this overshadowing issue as I did could consistently follow but one course, and that was the acceptance of the party opposing the league and opposition to the party approving it.

WILL DECLARE TRUCE
I do not wish you to think for one instant that I am unmindful of the conditions which obtained at Chicago, or the system which we saw, in its ugly nakedness, exemplified there; nor do I forget the men who represented that system.

Because of the big thing, I am willing for a period to declare a truce upon these men, but you may be certain that in the short time I shall remain in public life, my work henceforth will be to attack the system and to hold up to public obloquy the men who have founded such a cynical and contemptuous disregard of the expressed will of the people.

PLEADS NOT GUILTY
Michael Healey, proprietor of a former saloon on Campbell street, who is charged with an assault with a deadly weapon for the alleged shooting of Michael Slattery in the foot on May 2, today pleaded not guilty to the charge and his trial was set for July 29.

Japanese Sugar Invades Honolulu

HONOLULU, T. H., July 20.—Japanese sugar has invaded the Hawaiian market and threatens to undersell the local product. On the

last voyage of the Japanese liner Shunrei Maru she brought 400 tons of Formosan sugar for a Japanese dealer of Honolulu, who says he can make a handsome profit and still undersell Hawaiian sugar by a large margin.

Tables crowded with wonderful bargains.

Have you Got a Dollar, Mary?

I know you've got a dollar, Mary, and I want you to go right straight to Chesebrough's Music Store tomorrow. I guess we can spare just one wee little onery dollar, Mary. We have been talking about it long enough and it's time we have some good music in the home. We will join the Club and all we will have to pay now is just one dollar and a genuine Pathe will be delivered the very same day. The Pathe Phonograph plays all makes of records, and I want you to select a nice little bunch of records. The children will want the late ones, of course, so get "My Isle of Golden Dreams," "Dardanella," "Oh, By Jingo," "Let the Rest of the World Go By," and a few more of the late hits—and then for you and me, you know the kind we used to sing, like "Love's Old Sweet Song," and others still dear to memory and as pretty now as ever.

The Pathe costs no more than ordinary machines. It will be easy for us to buy one now, Mary.

Just act while opportunity is knocking at the door.

Richmond Calls Harbor Bond Vote Budget Plans for Civic Center

The Richmond office of the Oakland Tribune is at 1015 Macdonald avenue; telephone Richmond 512.

RICHMOND, July 20.—The \$400,000 harbor bond election was called by the City Council last evening for September 23. There is also to be a vote on a separate proposition of \$100,000 for an addition to the warehouse at wharf No. 1. This is recommended by City Wharfing J. H. Miller.

The city tax rate for the next year will be \$1.67, which is four cents lower than last year. The increase includes 13 cents for the purchase of a site for a civic auditorium and clubhouse for the American Legion.

Additional salaries this year call for \$22,500. The total amount to be raised for the budget submitted by City Manager J. A. McVittie is \$314,600.

MEMORIAL ASSURED
The action of the council in including \$30,000 for the purchase of a site for a civic auditorium and clubhouse for the American Legion means the city will probably have such a building during the next two or three years.

The plan has been fostered by the

American Legion, which has secured an option on a suitable site. The location will be kept secret until the money is available and the deal consummated. While it is not planned to take steps for the actual construction of the building, it was necessary to purchase the land in order to prevent other buildings from being erected thereon, it is stated.

The cost of the community center building will be about \$250,000 of \$270,000, it is estimated. Tentative plans for the building have already been drawn and include an auditorium that will seat between 4000 and 5000 persons, a swimming tank 40 by 70 feet, a gymnasium, halls for meetings, club rooms, branch library rooms, etc.

BLIND CONCERNS ORDERED
The city attorney was instructed last night to draw up a contract with Lester A. A. Hart of the municipal band for band concerts during the ensuing year. The municipal band asks an appropriation of \$2000 from the city to cover a series of twenty-four concerts by a band of twenty-six pieces. It is proposed to divide the series into two parts, one during the months of August, September and October, and the other during May, June and July, with special

concerts on legal holidays and fete days.

RAILROAD PLANS WAIT
No further action on the proposed franchise for a steam railway line to the inner harbor industrial district will be taken by the council until a formal request is filed by the railroad companies interested. It was formally stated by members of the City Council last night. It is reported that the railroads are waiting for the Procter & Gamble Company to file plans of its food products plant here, in order that the railway lines may be made to conform to the needs of the company and the franchise may be more intelligently outlined.

FUNERAL HELD
Funeral services were held yesterday afternoon for John Zellinger. Interment was at Sunset View cemetery. Zellinger died at Martinez yesterday.

He is survived by the following sisters: Mrs. Mary John and Mrs. Anton Achstetter, both of San Francisco; Mrs. Amy Star of Wisconsin; and Mrs. John Opmann of 1700 Macdonald avenue with whom he has been making his home. He was also the father of four children.

Mrs. Agnes Grosso, 28 years old, died after a year of illness at her home, 8 Eddy street, on the west side, last night. The funeral is to be held Wednesday afternoon at 2 o'clock, with interment in Sunset View cemetery.

She was the wife of Joseph Grosso and the mother of two children, Mary and Emma. She was a native of Italy and the daughter of Joseph Gallegari.

BEAN BOARD TO SETTLE
MARTINEZ, July 20.—The California Bean Growers' Association will be able to settle for all of its business for 1918 within sixty days, it was announced by S. R. L. Morehead, district manager of the association.

FRUIT PRICES HIGH
NEWCASTLE, July 20.—Plums from this district selling as high as \$5.50 per crate are reported by fruit shipping associations here. The general average is very high, one carload totaling \$4,100 in the Eastern market.

It is reported here that Bartlett pears grown in the Sacramento valley are bringing as high as \$8 per box. No pears have yet been shipped from this district.

WIG RICE CROP SEEN
SACRAMENTO, July 20.—W. D. Egbert, wealthy rice grower of Willyville, in an interview with newspaper men here today predicted that the California rice crop will exceed the estimate of 4,000,000 bags given by the Department of Agriculture.

WOULD ANNEX SCHOOLS
PETALUMA, July 20.—The Petaluma Board of Education has petitioned F. Ballard, county superintendent of schools, to annex to the Petaluma school district the rural school districts near this city, and requesting that the rural districts pay an equal share of the maintenance of the high school in Petaluma.

For years more than 50 per cent of the students of the Petaluma High school have come from the rural districts and as the outside rate is much lower than the city rate, the school directors have felt that these districts should contribute a like amount to the cost of operating the school.

BABY DIES IN STATION
CHICO, July 20.—Marshall J. A. Peck met Mrs. Duraud Gondari, wife of a Nord rancher, and pointing to the bundle she held so tenderly, asked:

"How's the baby?"

"It's dead," said Mrs. Gondari, simply. Peck took a closer look and found that the child, seven months old, had been dead for some time.

Peck was taken by the news and waited for a moment before he spoke. He then said that the baby had died from pneumonia and absolved the mother of any blame.

Epworth League to Gather at Institute
The annual conference of the Epworth League Institute of the Pacific of the Methodist Episcopal church will open at Mount Hermon August 2 and close August 9. Mount Hermon is on the Southern Pacific, two and one-half hours from Oakland and seven miles inland from Santa Cruz.

The faculty at the conference is composed of Rev. Moffett Rhodes, Rev. J. A. B. Fry, Dr. Arthur Bonner, Mrs. Moffett Rhodes, Dr. Elmer T. Clark, Rev. Ralph Nellner, Miss Helen Boulware, Rev. Lloyd Deool, Miss Boulware, Bishop H. M. Du Bose, Dr. Tully C. Carpenter, J. A. Batchelor and Miss Frances Davison.

DIES DRIVING AUTO
Portland, Ore., July 20.—While driving in the business district here with his wife beside him, Thomas E. Whiteside, 46, a salesman, died at the wheel of his automobile. A policeman jumped on the running board of the car and scoured it. Heart failure was said by surgeons who examined the body to have caused death.

You'll Be Surprised!
to find yourself writing 100 WORDS PER MINUTE IN 6 WEEKS IN SYLLABIC SHORTHAND, the latest discovery in STENOGRAPHY! A speedy, practical system—so easy that a child can learn it.

Our Stenographic Course, consisting of SYLLABIC SHORTHAND, TOUCH TYPING, Business Spelling, Punctuation and Letter Writing, requires only from eight to twelve weeks.

NOTE THIS \$2.98 SALE

The Biggest Values Yet

Trimmed and \$2.98 Untrimmed Hats

If you have been wanting an extra hat to complete the season or have planned to "pick up" a model at a bargain with which to start next year—you should certainly come and see the marvelous values that are being offered at this special \$2.98 sale.

There are both trimmed and untrimmed hats included at this price. The trimmed models comprise many beautiful styles in large and small shapes and all popular modes of trimming. The untrimmed shapes are shown in an almost infinite variety, so that if you want to trim your own hat this is the chance to do so at a saving. Millinery accessories are on sale, too, at wholesale prices.

Trimmed Hats
\$4.98

Just another one of the big values that you can find here; hats worth to \$18.50 in this assortment.

POLICE COURTS ARE RAPED BY GRAND JURORS

SAN FRANCISCO, July 20.—

Condemnation of the present police court and hall bond system are contained in the final report of the grand jury, which was filed today.

Severe criticism of the "lack of system of operation in and about the police courts" was offered. The report declared local police courts are marked by a "lack of dignity and decorum."

Proceeding to the judges themselves, the report declared: "Some of the police court judges have taken advantage of the system which prevailed in order to cover up or excuse certain irregularities which should not be practiced."

The grand jury declared that the courtrooms and corridors of the Hall of Justice should be cleared of bail bond sharks, shyster lawyers, "and such types of hangers-on whose sole purpose is to pervert justice and in general to obstruct the proper administration of law."

SAMUELS OUT FOR SUPERIOR BENCH

JUDGE SAMUELS

Judge George E. Samuels today announced himself as a candidate for judge of the Superior Court. He has been police judge in Oakland for many years, having been returned at several successive elections.

The retirement of Judge Everett J. Brown from the Superior bench has created the vacancy for which Judge Samuels, Victor A. Dunn and J. J. Jerome have become candidates.

Judge T. W. Harris, Judge E. C. Robinson and Judge James G. Quinn are seeking re-election to the Superior Court this fall.

BROOKS CANDIDACY.

Clifton E. Brooks today made the following announcement:

"While the term which I am completing is my first as a member of the Legislature, I was formerly secretary of the Senate and have had ten years' legislative experience.

During those ten years practically the entire personnel of the Legislature has changed and experience is, therefore, very much at a premium.

I believe very firmly that the good people of the Thirtieth district would never seriously consider the candidacy of anyone who did not stand unequivocally for clean and efficient government as well as firmly and militantly in opposition to the enemies of organized society and the existing form of government. Consequently I feel that the basis of selection must be the experience and

training of the candidate in question.

"Except in the case of any who may hold fundamentally different views of government than my own, as indicated by my record in the 1919 regular session and in the special session of that year, I feel that I am entitled to the support of all of the right-thinking voters of the Thirtieth district."

Western States Favor Visit From Harding

SAN FRANCISCO, Cal., July 20.—

Discussion as to whether Harding should extend his campaign trips to the Pacific Coast featured an informal meeting today of Republican national committeemen and state chairmen from California, Oregon, Washington, Idaho, Nevada and Arizona.

According to Elmer Dover of Tacoma, the regional campaign manager, the unofficial nature of the meeting precluded any idea of framing a specific invitation to Senator Harding to visit the West, but the majority of those attending, he said, were in favor of such a visit.

WHY BUY TIN CANS WITH YOUR COFFEE

Coffee Truths right from the shoulder by LONG, the Coffee Man

A great many of our customers have come to us with the question,

"How can you sell the quality of coffee for 40c per pound, which others sell from 50c to 60c per pound?"

There is a Very Good Reason why

In the first place in our way of doing the coffee business we do away with the profits of four middlemen. We import direct from the plantation and sell straight to the consumer. We have no agents, no solicitors, no delivery, no premiums; thereby doing away with an expense of at least 10c per pound. We do not put our coffee in expensive cans which cost at least 10c each. Remember, somebody has to pay for those cans and you can depend upon it, it is the consumer who foots the bill. Why pay for a can with every pound of coffee you buy and throw it away? It is virtually paying 10c for something that is worth nothing to you. Besides when you buy coffee in a can you are liable to get coffee that has been on the grocer's shelf for six months or a year and you know stale coffee is not good coffee.

With us you are sure of getting fresh coffee all the time, for we take off a roast of coffee every thirty minutes, so you get all the nice flavor and aroma of the coffee. We have the finest and most up-to-date retail coffee plant in the west. Our coffee is handled from start to finish by automatic machinery. We can deliver 15 pounds of coffee over the counter per minute.

It would be well worth your while to come in and inspect our plant and see it in operation. We are coffee experts, we know coffee from A to Z and we are here to serve you with this knowledge and give you a coffee value you cannot duplicate elsewhere.

Our sales aggregate about 50,000 pounds per month. We have about 15,000 regular customers and surprising as it may seem, we are now supplying nearly one-fourth of the population of Oakland with this delicious coffee. These are the reasons:

The right business methods, the right kind of coffee and superior service to our customers. If you are not already with us we suggest that you try our coffee. You will surely become a permanent and satisfied customer and save from \$10 to \$25 per year on your coffee bill.

Yours for Good Coffee and Service

Photoplay Producers Invited to Oakland

Six photoplay producers in the Hollywood colony have been extended special invitations by the Chamber of Commerce on the occasion of First National Day and a special program of sight-seeing is being arranged. They are Allan Dwan, Louis B. Mayer, Marshall Neilan, Charles Christie, Sol Lesser and Louis B. Mayer.

Tickets for the banquet to the visiting stars to be held Monday evening in the ivory room of the Hotel Oakland, were placed on sale today. Attendance will be limited to 500.

Bar Japanese, War Veterans Demand at Asiatic Hearing

SAN FRANCISCO, July 20.—(By United Press).—Chairman Albert Johnson of the House committee on immigration today called upon the people of California to be patient a little longer until a solution of the Japanese exclusion problem has been reached.

"I feel assured," said Johnson during the examination of Thomas W. McManus of the American Legion, "that the ex-service men of

California will do all within their power to prevent violence until legislation has been passed."

McManus read a resolution adopted by former service men and submitted to the House committee.

At the mention of the word "demand" in the resolution, Commissioner Seigel cut in on McManus with a severe rebuke.

"Will you tell your committee," he said, "that it is not the usual thing to submit demands to the Congress of the United States? You will please tell them in the future to request and not demand action of Congress."

VETERANS LIST DEMANDS.

Chairman Johnson settled what promised to be a show of high feeling by saying:

All this will be ruled out of order.

Demand made in the resolution that the so-called "gentlemen's agreement" be abrogated, that a policy be legalized and named barring foreign-born Japanese from American citizenship; that no child born in the United States of foreign parentage shall be eligible to citizenship unless both parents are eligible; that Congress send a committee to the Pacific Coast, the Hawaiian Islands and the Philippines to investigate conditions first hand.

T. Kono, secretary of the Japanese Agricultural Association of California, was asked by the committee what in his opinion was the most direct method of solving the problem.

"This is a Pacific coast problem," Kono replied. "We want to settle it ourselves. If we allow easterners to have a hand in it the people of California will get the worst of it."

WOMAN IS WITNESS

Mrs. B. T. Scamlin, president of the San Francisco Housewives' Association, in her testimony declared that the question is not a political one. "It simply is, do we want them or not?" she said. "It is our right as American citizens to say who we want or who we don't."

K. K. Kawakami, who admits he is the publicity agent of the Japanese government in America, appeared again today before the committee to correct a statement which he claims was misquoted.

An ambiguous conclusion was drawn from his testimony yesterday as to whether he received information from the sister of Professor Ishihara of Stanford University, who was employed at the San Francisco postoffice.

Kawakami emphatically denied that he said he received such information. Chairman Johnson assured him that the record will be inspected and a copy made if he was misquoted.

Kawakami gave as his reason for desiring this correction that the girl mentioned is now in Japan and she might be prevented from returning to this country if his misquoted statement was allowed to stand.

Congressman Siegel asked Harvey H. Guy what he thought would be the outcome if the Japanese matter is allowed to drift along.

"It must be met squarely right now," Guy replied, "or we will have to settle it under worse conditions later." Guy has been active in missionary work throughout Japan for several years.

LOS ANGELES, July 20.—Japanese births exceed white births in the most fertile agricultural sections of Los Angeles county, according to a statement today by Dr. Jesse L.

VOLLMER SCORES JUDICIAL DELAY

The greatest defect in police and judicial affairs is the slow procedure, Chief of Police August Vollmer of Berkeley told the Kiwanis Club at noon today in the Hotel Oakland.

Detective Cecil A. E. Hitchcock, chairman of the day, related his experiences in detective work.

"We need, too, more certainty of convictions," declared Vollmer. "This morning I saw a report of the activities of the San Francisco police department, which is typical of conditions throughout the country, and it showed that of 500 persons arrested and charged with stealing automobiles in the past year there were less than 50 convictions."

"It is the habit of timidity on the part of governmental officials to delay the administration of justice unnecessarily, as is too often done," the chief declared. "A man who commits a felony—a robbery or a burglary or a murder or assault of any kind—should be in the penitentiary within a week after the crime was committed. The delay in convicting him should not be so great that he can almost forget what he was convicted for."

"Police put forth their best efforts to get men who have committed crimes before the courts and then too frequently the criminal is allowed to go with a 'judicial scolding' and nothing more."

Street Extension Is

Provided By Council

Early commencement of work on the extension of East Ninth and East Tenth streets, between Twenty-eighth and Twenty-ninth avenues was promised this morning when the City Council gave final passage to an ordinance ordering both extensions as further steps towards the completion of the street opening and extension program in the East Oakland section.

An ordinance was also finally passed today ordering the closing and abandoning by the city of Cherry street and Warner avenue. Both thoroughfares are to be closed in the vicinity of the new Elmhurst junior high school, the land being needed for the new school site.

Plaza, Depot and Mountain View streets, and portions of Prospect and Bay View streets were also abandoned by action of the City Council this morning.

Republican Platform

Suits Billy Sunday

HOOD RIVER, Ore., July 20.—Billy Sunday is declining to get into politics, but if William J. Bryan thinks it necessary that the prohibitionists put a candidate in the field, "you may count on us getting into effective action," said the evangelist Sunday said he considered the Republican platform sufficiently strong for a dry America.

Pomeroy, county health officer, at a hearing on the Japanese question conducted here by King Swore and J. Will Taylor of the House of Representatives committee on immigration and naturalization, Dr. Pomeroy presented figures which he said showed that if present conditions were maintained the Japanese population of California would equal the white in the year 1924.

Girl Takes Poison, But Will Recover
SAN FRANCISCO, July 20.—Miss Alice White, 15 years of age, who gave her occupation as that of an actress, was removed from her room today in the Continental hotel, 125 Ellis street, suffering from the effects of poison taken with suicidal intent, the police say. She will recover. According to a sister, Mary, the young woman had been despondent through her inability to obtain employment.

R.B.
Always the Same
THE sincere purpose to make a good cigar, persisted in for 40 years, has developed a remarkably consistent quality in R-B that is filler deep and wrapper wide.

SOCIETY

Woman War Worker Is Guest Here

One of the most interesting visitors to the Eastbay in means is the houseguest of the John Hostetters—Miss Harriet Sheppard, war-worker and humanist whose record has won for her official recognition of the War Department.

She is head of the Walter Reed Hospital near Washington, D. C., where the "bunch" of the war-torn men—waiting for the time, if it ever comes, when they can go out into the world again as a contribution to the nation.

Here they are trained in occupations for which they are best adapted and are looked after as best a grateful nation can—little though it be. Many of these lads are in the hospital, or club, for two years, with little hope ahead for the realization of the dreams of their youth.

Here Miss Sheppard and her corps are doing their work—mending broken hopes, and keeping up the spirits of those whose sacrifices can never be measured except by those who share them.

No faithfully has Miss Sheppard served the heroes that fell to her care that she was threatened with a nervous breakdown, and was ordered to take a furlough. In New York she met her friends, the Hostetters, and they brought her to California to their home, where she will remain until August 5.

On Thursday Mrs. Hostetter will entertain at luncheon for her guest, a group of congenial spirits being asked to meet her.

MURDOCK LUNCHEON FOR MRS. MOORE

Mrs. Percy Murdock will entertain at luncheon today her home in honor of Mrs. Walton Norwood Moore, whose return from the Orient she has been waiting for. The luncheon will be a social affair, and will be held at the home of Mrs. Moore, 1000 Broadway.

After return has been the motif for a group of intimate gatherings of friends almost since the day of her arrival.

SONGS
OF FRANK L. STANTON

"Jes' Like That"

I wouldn't set here, fishin'.
The whole cadurin' day
Et I could only ketch the one.
The fish that gets away!
But—don't keer what's the work you're at.
Life's jes' like that—Life's jes' like that!

You aim to get the big things—
You reach out fer the sky.
But come to the conclusion
That you're hittin' 'em too high!
Then flop down whar the low ground's at—
Life's jes' like that—Life's jes' like that!

SAY "DIAMOND DYES"

Don't streak or ruin your material in a poor dye. Insist on "Diamond Dyes." Easy directions in package.

"CORN"

Lift Right Off Without Pain

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn. Instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.—Advertisement.

CHILDREN'S FOOD

Simple, clean, wholesome food of the right kinds fed to children in the proper quantities will go further, home economists specialists declare, toward assuring youngsters normal health and a sturdy constitution than any other factor. Yet, even in this land of plenty, many children are undernourished. If they were all in homes where the income was small, this would be understandable, but surveys show that as many cases of malnutrition are to be found in well-to-do homes as in those which possess less of this world's goods.

What is the trouble if a child who is given plenty of food is undernourished? What more can a parent do for his child's physical welfare than to provide an abundance of food? Those who have made a study of dietetics declare that the kind of food that a parent eats is almost as important as the quality, and they say the trouble with the health of many children in this country today is not that they are getting too little food, but rather that they are getting too much of some kinds and not enough of others.

AVOID A ONE-SIDED DIET

A child between 2 and 6 years of age may be considered well fed if he has plenty of milk, bread, and other cereal food, an egg or its equivalent in flesh foods once a day, a little butter, a small portion each of carefully prepared fruits and vegetables, with a small amount of sweet foods after his appetite for other food is satisfied. If any of these classes of food is omitted, his diet is likely to be one-sided.

The following bills of fare for children's meals are suggested by food specialists of the United States department of agriculture. The meals are simple, easy to prepare, and sufficiently varied to satisfy any normal child's appetite. Other foods of the same class may be substituted, when one wishes, for any dish in these menus without materially changing the balance of the meal.

In each day's meals for a child enough milk should be included to make up the required daily amount of one quart.

To Wear Thin Waists or Sleeveless Dresses

(Beauty Topics)

With the aid of a delatone paste, it is an easy matter for any woman to remove every trace of hair or fuzz from face, neck and arms. Enough of the powdered delatone and water is mixed into a thick paste and spread on the hairy surface for about 2 minutes, then rubbed off and the skin washed. This completely removes the hair, but to avoid disappointment, get the delatone in an original package.—Advertisement.

Be Slender

A new way to become slender, safe, healthy, and sure. See the picture of the woman who has given you the idea of slimness. She is giving you the secret of her success. She is giving you the secret of her success. She is giving you the secret of her success.

Rely on Cuticura To Clear Away Skin Troubles

Itchy skin, pimples, eruptions, etc. Cuticura is the only remedy that will clear away all skin troubles. It is the only remedy that will clear away all skin troubles.

MY HEART and MY HUSBAND

by ADELE GARRISON

Because of an unavoidable delay in receiving the copy of Miss Garrison's story, "My Heart and My Husband," the TRIBUNE is unable to present an installment today. The serial will be resumed at the earliest opportunity, which should be this week.

Policeman's Revolver Drops; He Loses Arm
SAN FRANCISCO, July 20.—Patrolman James F. Rooney's revolver fell to the floor at the Southern station and a shell exploded, and blew his right arm in shreds so it had to be amputated, shortly after midnight this morning.

Rooney, who is 50 years old and has a wife and two children, was rushed to St. Mary's hospital, where the amputation was performed.

The patrolman was dressing to go on duty when the accident occurred.

Just Folks
by Edgar A. Guest

THE FROLIC ON THE FLOOR

I've had my share of gladness and I've had my fill of style,
I've been at banquet tables where the hands played all the while,
I've been where rich men flattered and I've thought their friendship fine,
And I've claimed some satisfaction from the money that is mine;
But I've come to this conclusion, after all that's gone before—
That I'm happiest when I'm romping with the kids upon the floor.

I've sampled all the pleasures which the old world has to give,
I've had the joy of dining in the homes where rich men live,
I've heard the ringing laughter of the friends I knew as true
As the wit of brilliant mortals and their words of wisdom, too;
But there's nothing quite so cheering when you run life's gamut o'er
As the laughter of the children and a frolic on the floor.

I've played the game and struggled for a goal I've hoped to win,
I've heard the cheers of strangers, but they never sank deep in,
I've traveled far for pleasure and I've found it more or less,
I've had my share of failure and my portion of success;
But for downright satisfaction, let me say it just once more,
I must stay at home and frolic with the youngsters on the floor.

Oh, let monarchs have their jewels and the millionaires their gold,
Let the brilliant seek men's plaudits—those are joys which soon grow cold.
Now with all that life has taught me as I've traveled on its way,
And with all the sweetest I've tasted, and the glitter and display,
I have come to this conclusion: that what all men struggle for
Are the nights when they can frolic with their children on the floor.

Odd Bits of Humor

"How is Mrs. Gadder getting along in driving her new car?" "She's learning." "Good!" "Yes, she learned yesterday that although side-wiping a fire plug doesn't damage the fire plug particularly, it leaves an automobile looking much the worse for wear."

"A decent husband should give his wife all the money she wants," asserted Mrs. Gabb. "What are you talking about?" demanded Mr. Gabb. "There isn't that much money."

"I intend to start on a sea voyage tomorrow," "Are you going because you want to get a view of reconstructed Europe?" "No, I am going because I want to get a drink."

"Your business college for young ladies seems to be all right," "It is all right," "Do you give the girls a good, practical business training?" "In reply to that question I can only say that 60 per cent of our graduates marry their employers the first year."

"Why doesn't your husband take a day off now and then?" "He works in the weather bureau. People can't do without weather."

Firestone

Cushion Truck Tires

Many truck tire problems in many lines of business are answered by Firestone Cushion Tires.

They have added cushioning power needed for proper protection to your load and truck. They have the wearing strength needed for maximum mileage.

12% to 27% More Rubber

Firestone Cushion Tires have a greater volume of material. That is one reason why they ride easier. It is obvious, too, that this means longer wear. The extra wide tread provides approximately 20% more area of road contact—giving firmer traction under all conditions.

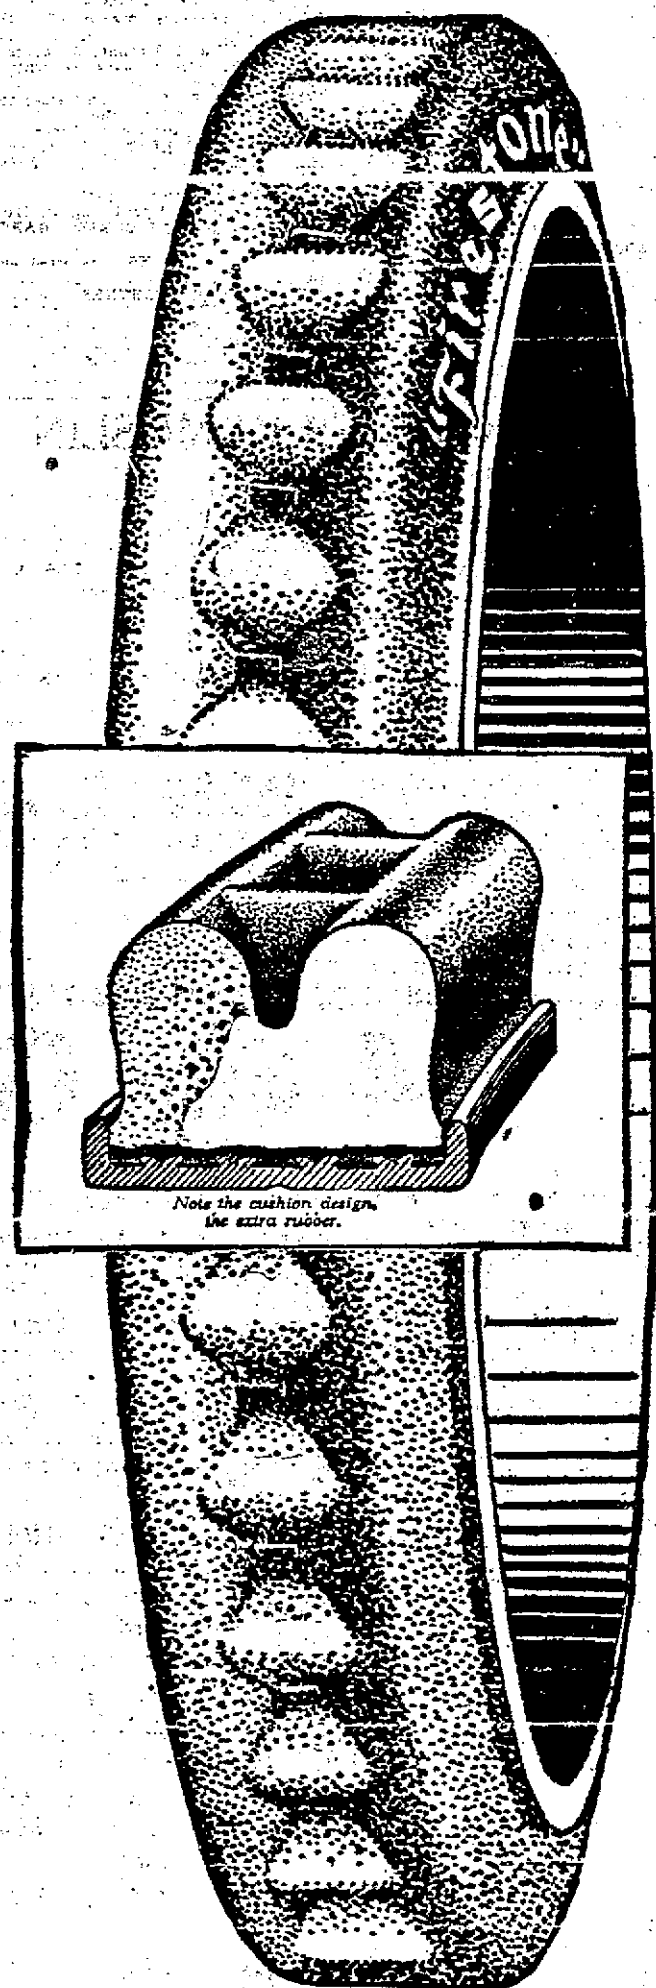

300% More Efficient in Heat Radiation

Overheating is a common danger to truck tire equipment. But Firestone engineers have evolved this special Cushion shape that lessens the strain through a different flexing of the rubber and gives a greater surface for heat radiation.

Any Truck Immediately Equipped

Firestone Cushion Tires are built to fit any S. A. E. base. No wheel-changes necessary. The nearest Firestone truck tire dealer can apply them to your trucks and trailers without delay or added expense.

If you want resiliency plus extra-long wear, and if you want the practical economy of most miles per dollar, put on Firestone Cushion Tires. Made in all sizes.

Most Miles per Dollar

OAKLAND'S NEW DANCE PAVILION TO OPEN DOORS

New Shopping Thoroughfare Created by Merchants in Arcadia Building

ARCADIA PALACE INSTITUTES NEW ERA ON STREET

With the opening of the new Arcadia Dance Pavilion tomorrow, a new era of business along Franklin street will commence. Prominent among the merchants to be responsible for the creation of this new shopping thoroughfare are: M. Bock, 1408 Franklin, who is introducing a new tailoring business, having been formerly located in the Macdonough building. The Arcadia Corset Shoppe will be under the direction of Mrs. James E. Ward at 1410 Franklin, and will specialize both in corsets and silk underwear. Adjoining will be the exclusive millinery shop of Rose Pooley. Mrs. Pooley will have one of the smartest millinery shops in Oakland; a feature being the novel decorative scheme.

The D. W. Barnes & Company, Arcadian Confectionery, which has entrances both on Franklin street and in the Dance Pavilion, is said to be one of the finest confectionery stores in this city. Here will be served soft drinks and light lunches. A complete candy department will also be maintained.

Burglars Get Suits
At Santa Cruz Store
SANTA CRUZ, Calif., July 20.—Seven suits of clothing and three extra pairs of trousers, valued at \$800, were stolen from a local clothing store last night by burglars. It was stated today by the manager of the store.

Centro To Meet
"Centro Espanol" this evening will be addressed by Professor Herbert I. Priestley of the University of California on the subject "Mexico." The lecture will be in Spanish. "Centro Espanol" meets every Tuesday evening at 7:30 in the auditorium of the Alden Branch Library, Telegraph avenue at Fifty-second street.

Finest Dancing Pavilion in World Will Be Inaugurated

Arcadia, the "world's finest dancing pavilion" will take its place as a leader among Oakland's long list of attractive show and amusement places Wednesday evening, July 21st, with the formal opening of the magnificent new structure on the northeast corner of Fourteenth and Franklin streets. The building, which occupies a frontage of 150 feet on each of the streets named, has been erected at a cost of approximately \$225,000. The new enterprise will be operated by the Arcadia Building Company under the management of M. A. Fisher, better known as "Mike" Fisher, famous in baseball circles for many years and the "center" of the modern dancing pavilion business on the Pacific coast. "Mike" first operated a pavilion in Seattle, moved to San Francisco, where he built a much larger place, but saved the "big league stuff" for Oakland, which can now boast a dancing pavilion without equal in the country, or anywhere.

The numerous and outstanding features of Arcadia, combining beauty with comfort, must be seen to be appreciated. Entrance to the main hall is made from Fourteenth street, through an expansive and prettily decorated lobby, thirty feet in width. The interior is circular in form, finished in exquisite art nouveau style, with an immense dome, 100 feet in diameter. Hundreds of electric bulbs form an interchangeable system of lighting. The floors throughout the building are of pure white maple. The dancing space, known as a floating platform, is 120 feet in diameter and will afford comfortable dancing room for between seven and eight hundred couples. The pavilion, including a balcony with 500 seats, has a capacity of about 4000. Music will be furnished by an orchestra under the leadership of Paul Ash, the highest paid dance music leader in America.

On the mezzanine floor, in addition to the balcony, are a private dance hall, 35 by 45 feet in size, with separate entrance on Franklin street, separate check and rest rooms, pantry and kitchen; a hall for private instructions, where a staff of competent teachers will be in attendance; a commodious ladies' reception room and a smoking and rest room for men.

A modern system of ventilation has been installed. Smoking will not be allowed on the main floor. "Service and deportment" will be the slogan of the Arcadian management. Rules of conduct that have the approval of the interested authorities, as well as women's clubs and other civic bodies, will be enforced—regulations that have made Mike Fisher's establishments successful in other cities.

SPA DECISIONS BREAK TREATY, TARDIEU SAYS

PARIS, July 20.—André Tardieu, former French High Commissioner to the United States in the Chamber of Deputies, today denounced the Spa agreement on the ground that the premiers revised the treaty.

"Modifications of the peace treaty are becoming serious," declared Tardieu.

On demands from the government that the Chamber give it a vote of confidence, the session was suspended for half an hour for conferences.

War Material Is Cast Into Ocean

HONOLULU, T. H., July 19.—Forty tons of condemned hand-grenades, primer caps and other defective ordnance material belonging to the Hawaiian department of the army were taken out to sea and dumped overboard recently. During the war regular practice in hand-grenade throwing was held here, but since the armistice this class of instruction has fallen off. As the grenades will not keep indefinitely and are dangerous, they were dumped into the sea.

General Census Figures in Fall

WASHINGTON, July 20.—The total population of the United States will be announced about September 1, according to a statement given out by Dr. Joseph A. Hill, chief statistician of the Census Bureau. He said that during the intervening period population figures for all the towns, cities, counties and states in the country will be made public. The agricultural census will not be completed until after the population census, while the census of manufactures will follow that of agriculture.

The bureau has decided that detailed statistics covering the number of persons of different nationalities residing in the United States will not be made public until next year.

If you see it in The TRIBUNE, tell them so.

SPANISH HOLD FETE

MADRID, July 20.—A feast will be held at Ballen today commemorating the battle of the same name as the town, in which a French force surrendered to the Spaniards in July, 1808.

If you see it in The TRIBUNE, tell them so.

To The Arcadia Dancing Academy Congratulations---

Your new building is indeed a palace of which you and the men and women of this community may be proud.

This new pavilion is a thing of beauty—but more than this—it can be a social force in our community.

May your influence tend toward uniting the social energy of this community into a force desiring only that type of amusement which will be conducive to higher ideals.

SOVIETS TOLD TO STOP MARCH INTO POLAND

LONDON, July 20.—The British government's reply to the note of the Foreign Minister Tchitcherine, of Soviet Russia, regarding an armistice with Poland will be dispatched to night. It intimates that if the Russians advance further into Poland all negotiations for trade between Great Britain and Russia will be broken off.

PARIS, July 20.—France will carry out her agreement with Great Britain to furnish armed support to Poland in event efforts to effect a pacific solution of difficulties between Poland and Soviet Russia fail. Premier Millerand today told the Chamber of Deputies.

LONDON, July 21.—The reply of the Russian Soviet government to the British note concerning an armistice with Poland rejects in substance the British peace proposals, according to the London Times, which publishes a summary of the Soviet answer.

The Bolsheviks decline to come to London, according to the Times, because they say Great Britain is not impartial. They also object to the admission to the conference of delegates from the Baltic states, saying Russia already has made peace with them.

As to Poland, the Bolshevik government points out that the proposed armistice line is unfair to Poland, and that with direct negotiations, the Bolsheviks are prepared to grant Poland a much more favorable frontier.

Charley Faithful, Hero of War, Blind
ALTURAS, July 20.—Charley Faithful, the Modoc Indian who years ago, saved the remnant of General Wheaton's command from annihilation during the war of the lava beds, still lives on the Klamath Indian Reservation near here and draws a pension from the government. He is now blind.

On January 17, 1873, General Wheaton attempted to override the stronghold of the Indians, but was repulsed with the loss of forty-one of his command. "Caught in the mazes of the lava beds, it is believed that every man would have perished but for Charley Faithful. On a pitch-dark night Charley piloted the soldiers to a line of bluffs several miles distant, where they were able to make a successful stand."

'Flu' Result of War
HATED, HER THEORY
COLUMBIAS, O., July 20.—The epidemic of influenza during the World War was the result of hatred prevalent at that time, Anna Maud Hallam, lecturing here, says. She advocated the use of applied practical psychology, as a cure for illness.

"Disease is caused by restrictions on the subconscious mind, resulting from destructive emotions," she declared. "Closer attention should be paid to the emotions which build up the mind and react similarly on the body. This is the key to happiness in life."

The wearing of mourning for the dead is an advertisement of grief which brings sorrow close to others, she said. She urged that more attention be paid to the effect of heredity, prenatal and postnatal influences on the body.

Britain's Expenditures For Navy Were Heavy
LONDON, July 20.—Great Britain's expenditures on naval and military operations in Russia from the signing of the armistice with Germany, November 11, 1918, to March 31 last, amounted to \$55,973,000, according to a parliamentary paper issued today.

TRAIN KILLINGS UNDER PROBES

Oakland police are today investigating the killing of two men and the injuring of another by Southern Pacific electric trains yesterday and Sunday. August Johansen, Albert T. Shannon and a Mexican were the victims.

August Johansen, caretaker of the residence of W. H. Anderson, 301 Twentieth street, was identified today as the man killed Sunday by a Southern Pacific electric train at Twentieth and Franklin, and the Oakland police are now trying to identify the body of a Mexican laborer, aged about 23, who was instantly killed by a Southern Pacific electric train on the Oakland pier, shortly after 8 o'clock last night. The train was in charge of Frank Adams and Joseph Yule.

The Mexican stepped from the shadows in front of the train, according to Yule. Inspector Clotter of the Oakland police department is investigating the death. Johansen was first identified as F. Hortsmeier, as he had a receipt from the Crockett Hotel at Crockett, made out to that name. The police telegraphed to Crockett and found out that such a man lived there and the description of the man tallied with that of Johansen. Coroner Grant D. Miller said that he has taken Anderson's identification of the man as authentic.

Albert T. Shannon, aged 30, a mechanical engineer living at 1135 East Seventeenth street, suffered a fractured skull and injury to his back when struck by a Southern Pacific electric at Thirteenth avenue station. He was moved to his home after treatment at the Emergency hospital. Witnesses said that Shannon was standing too near the tracks when the train pulled in.

CLASHES REPORTED
CONSTANTINOPLE, July 20.—Greek officials say they have not yet started the movement into Oriental Thrace. There are unverified rumors that the Greeks are having clashes with the Bulgarians.

TWO NEW PARKS ACQUIRED IN YEAR

BERKELEY, July 20.—The volume of business conducted by the City Park Commission, has more than doubled during the last two years, according to a statement by Carl F. Biedenbach, city superintendent of parks, in the annual report of the commission filed with James Kimball, secretary to Mayor Louis Bartlett.

The report shows that two new parks were acquired during the last fiscal year—the John Hinkel park of seven acres and the John Garber park of 13 acres.

During the year the Northbrae parking district for planting public courts in Northbrae was organized and gardening costs paid by a frontage assessment on property-owners of the district. The report says the organization of two more such districts is now in progress.

One hundred thousand plants, including trees, shrubs and small garden flowers, were propagated last year in the city nursery, which was greatly expanded during the year.

Members of the Park Commission are: John W. Gregg, president; James D. Hutchinson, vice-president, and George W. Hoyt, George H. Hart and George R. Webb.

Wife, 53, Refuses To Desert Leper
NEW YORK, July 20.—Immigration authorities have heard the plea of Senora Eliza Garcilán and have granted her permission to go with her husband when he is deported, either to Mexico or old Spain. He is a leper.

The couple, 58 and 60 years old, respectively, have both been detained at Ellis Island. Senora Eliza made her plea to remain with her husband when a special board of inquiry heard the case. She also begged to be permitted to spend the day with him as it was the thirtieth anniversary of their wedding. Both requests were granted.

Chief Opens Investigation To Find Where Guns Went

Compelled to abandon his vacation, on which he was to have started today, under an order from Commissioner of Public Health and Safety F. F. Morse, Chief of Police J. F. Lynch today returned to his desk to open the second investigation in the past month into the disappearance of evidence from the police department lockers.

The present probe, which Morse has ordered Lynch to lift before he takes his contemplated trip, concerns four revolvers, two rifles and two automatic pistols that were taken by the police during the late street car strike and which have been demanded by John "Black Jack" Jerome, professional strike-breaker. The property is declared by Morse worth about \$300.

Coming on the heels of the recent probe of the disappearance of \$750 worth of cocaine from among police evidence, with the resultant discharge of Inspector Lou Agnew, an old member of the department, for alleged guilty knowledge of the missing drugs, the new investigation demanded by the department head has thrown the already seething police department into further chaos.

GOSSIP OF CHANGES
During the past few days the city hall has been a buzzing hive of political gossip centering in the police department and concerning the removal of Chief Lynch. Morse is "out after Chief Lynch's scalp." When the expected removal of Lynch or request for his resignation failed to materialize late last week the statement was made from

Wisconsin May Prove Badgers Are Here
LONDON, July 20.—H. I. Pocock, curator of mammals to the London Zoological Society, has discovered what he says is a "great hoax upon the Americans" who for more than 400 years have believed they had badgers on their continent.

An American badger, brought here to make an "instructive comparison," was put in a cage with some British badgers. The British badgers slept all day, the American badger all night. Dr. Pocock investigated and decided the American animal was neither badger, skunk, stoat nor weasel. He said its skull and teeth were "wrong" for a badger. It lacked the scent gland, and its resemblance to the badger was so superficial he considered it of a totally different "tribe."

Japan Completes Vessels for U. S.
TOKYO, June 18 (correspondence of the Associated Press).—The Eastern Sword, the last of the 33 steamships to be laid down for the United States Shipping Board, has been completed at the Uraga yards, according to a report issued by the shipping bureau of the department of communications.

The aggregate tonnage of the 33 Shipping Board vessels built in Japanese yards is 273,350 tons. The steel used in the construction of the vessels ordered by the United States Shipping Board was partly supplied to Japan by the United States in exchange for the construction of the ships.

COURT DEFENDS INJUNCTION SUITS

ROCHESTER, N. Y., July 20 (By the Associated Press).—Defense of the use of injunctions in labor disputes and a plea for a recognition of reciprocal rights and a return to the "spirit of law and order" in labor controversies is contained in a decision handed down yesterday by Supreme Court Justice A. J. Rodenbeck, in declining to vacate an injunction against the United Shoe Workers of America.

With reference to the use of injunctions he says: "It is claimed by some that injunctions should not issue in labor cases. This is an extreme view and is not supported by a reasonable consideration of evils of abolishing such a remedy. As heretofore suggested some of the acts of the defendants described in the complaint constitute a crime under the penal statutes of the state. The defendants who have violated any of these provisions of the statutes are liable to criminal prosecution therefore, but this remedy can be resorted to only after the commission of the offense and after injury has been done. It is far more rational to prevent the commission of these acts when they may be reasonably apprehended than to wait to punish the offender after some serious damage to life or property has been done."

injury has been done. It is far more rational to prevent the commission of these acts when they may be reasonably apprehended than to wait to punish the offender after some serious damage to life or property has been done."

COUNCIL MEATS

Better Meats That Cost Less
No Waste · No Ice Needed
Always Tender
Ready-Cooked To Perfection

**15% to 25% More Actual Meat
to the Pound**

YOU buy uncooked meat and you pay for trimmings and for bones. You can't eat them—they're not meat. But you pay for them—at meat prices.

In ready-cooked Council Meats there are no bones, no waste, just meat—fine, tender cuts, cooked as you like them, seasoned as you season them. Ready to eat except for a few minutes' warming.

And they can be had in almost endless variety; roast beef, roast mutton, hamburger steak and onions, corned beef hash, etc., etc.—each as good as it can be and at prices that give you 15 to 25% more actual meat to the pound (counting the shrinkage in cooking) at the same price per pound you're now paying.

Therefore, to use Council Meats is to actually save from 15 to 25c out of each dollar you now spend for meat. You can't afford to overlook such opportunity for economy.

MORE TRAFFIC OFFERED

With the complaints heard and uttered from day to day against the railroads for their failure to afford quick adequate transportation for all the commodities offered them, it is only naked justice to recognize the conditions the railroads have to face. For the first time since the roads were turned back to their owners, from the deteriorating regime of government operations, figures are available for the traffic handled by all the large railroad systems of the country. They show a condition not generally known, of greatly increased traffic.

These figures, as compiled and presented by the *Railway Age*, show that for the week ended June 19 the number of cars loaded with revenue freight was 869,142, as compared with 807,997 in the corresponding week of 1919. In the week ended June 26 the number of revenue cars loaded was 869,350, compared with 845,684 in the same week last year. In the four weeks ended June 26 the number of cars loaded was 3,405,500, as compared with 3,237,406 in the corresponding four weeks of 1919. This was a gain for the four weeks of 1919. This was a gain for the four weeks of 1919.

Inasmuch as these figures are taken from the reports made by the railroads to the Commission on Car Service, they are reliable. They show that in spite of the strikes and other troubles the railroads have moved almost continuously during 1920 more freight than in 1919. The *Railway Age* goes on to say that the amount of freight moved in January, February and March broke all records for those months and the same undoubtedly would have been true for April, May and June if it had not been for strikes and the consequent congestion. This journal sums up:

"Why, in the face of these facts, are the industrial operations of the country being seriously interfered with and its financial stability threatened by insufficient transportation? There can be only one rational answer to that question. The present conditions are partly due to strikes, but they are mainly due to the fact that for years the productive capacity of the country has been rapidly increasing, while the facilities and capacity of the railroads have been increasing hardly at all."

This is an entirely true statement. It is most important that the increase in output of products be recognized and that the new facilities adequate to take care of the increase be provided. The responsibility to meet the new condition rests between the railroads and the Interstate Commerce Commission. How these two agencies may divide the responsibility will be of small moment to the public providing the traffic of the country is handled as it should be.

It will be remembered, however that the Interstate Commerce Commission, always a body of very large authority, has been greatly strengthened by the *Lynch-Commins* transportation act. It is for all practical purposes a self governing body with supreme authority and in principle an autocratic bureau that can do what it desires. It is prosecutor, judge and jury of the case between the transportation utilities and the people. It has almost absolute powers, owing defined to accountability to no one.

If the men that compose the Interstate Commerce Commission are big enough to recognize the great responsibility that devolves upon them to justify the important position they occupy in the life of the country, a solution will be found. But how soon?

THE COAL IS AVAILABLE

Germany, through her commissioners at the Spa conference with the French and British premiers, finally announced her willingness that she could not meet the demand for 2,000,000 tons of coal monthly and agreed to furnish the coal, Germany had to be driven to it with the threat of invasion, but finally she again promised to live up to the reparation provision of the peace treaty insofar as coal is concerned.

It will not be as difficult for Germany to furnish two million tons of coal monthly as our tricky government officials have tried to make it appear. There is a sufficient quantity of coal being produced to permit the delivery of this amount to Belgium and France without causing

any curtailment of the use of coal within Germany.

Consul Frederick Simpich, who is at present with the American Commission in Berlin, writing on June 4th last, gave the following figures on coal production in Germany during the first quarter of the current calendar year—January, February and March. In this three-month period the output was 58,899,793 tons of anthracite, 25,009,552 tons of soft coal, 5,712,810 tons of coke, and 6,323,879 tons of anthracite and soft coal briquets—a total production of coal fuel of 68,736,034 tons. This is only 12,000,000 tons less than the coal production for the corresponding quarter of 1913, the year before the war and when industrial and war munition plants were running at top speed. Germany does not require today nearly so much coal as she consumed in 1913.

To deliver 2,000,000 tons of coal monthly to the European Allies requires less than ten percent of the production at the rate of the first three months of the current year. This is not a large amount and Germany could meet it by increasing her production by about nine percent—not a difficult feat. And the delivery of this quantity of coal to France and Belgium will not make up by a large margin the losses these countries are sustaining because of the destruction to their own mines in the zone occupied during the war by the German military forces.

Thus, so far as the coal question is concerned, the Spa conference had the effect of unmasking Germany in a false position and requiring her to make good on one of the treaty obligations. The decision will impose no large hardship upon Germany and will go a small way toward rectifying her crimes of the past.

STRIFE IN CHINA.

The struggle between the northern and southern factions in China which has been going on for the last three years has broken out in a severe stage near Peking. The southern army, headed by General Tuan Chi-jui, former minister of war in the Central government, was reported yesterday to have been defeated by the regular forces defending Peking. But from the very nature of battles, between Chinese armies, the defeat could hardly have been decisive, or resulted in a very heavy loss of life.

It is of larger interest that there is an armed conflict so near the capital of the republic that the foreign legations are in danger and that new detachments of foreign troops have been landed at China ports, to be ready for an emergency call to go to the relief of the foreign residents of Peking. The central government has not been able to exert very effective authority since it was changed from a monarchy to a republic. This is not to discredit the idea of a republican form of government, but to accentuate the fact that factional strife has been more frequent and more difficult to tranquilize than ever in the days of the monarchy.

With China's great mass of illiterates, the politicians are more powerful than ever and, as in Mexico, it has not been possible for all their ambitions to be gratified. The central authority hangs lightly and there is ever present the danger of disintegration of the republic into two or more states. For this condition Japan is held blameable in a large degree, because she has constantly intrigued to have a friendly faction in the Peking government and at the same time to foment in southern China antagonism to the central government.

Meantime the Peking government appears to be unconscious or unmindful of its perils. It is quick to raise its voice in the affairs of other nations, yet incompetent to exercise needed direction at home. On June 1 a few days after the Obregonistas entered Mexico City, the Chinese government sent a message to the effect that it had decided to recognize immediately the new provisional government of Adolfo de la Huerta and to present the "congratulations of the government of China on his elevation to such a distinguished position."

It would have been time better spent if the government officials at Peking had examined conditions surrounding them with a view to ascertaining whether they deserved the recognition other governments had accorded. A government of politicians divided against itself, lending the country it is supposed to direct to exploitation by a foreign country and neglecting the performance of its duty to promote the peace and prosperity of the people, ought to speak softly in such circumstances.

Should foreign intervention with foreign troops occupying Peking and the ports and trade marts where foreign interests are established, again be necessary, fearful days will be in store for China. Certainly all her disturbing propaganda in other countries, marked by highly paid bureaus and inflammatory periodicals, will be out of place. China should first look to her own affairs.

A committee of Cuban sugar cane growers, mill owners and brokers, claiming to control the sale of 2,180,000 sacks of sugar, was reported the other day as having determined to hold their cornered supply of sugar off the market until their food staple had again reached the price of twenty-four cents a pound. As an exhibition of a mean disposition and utter lack of sympathy with this group of sugar profiteers, we hope the wholesale price of sugar immediately drops to five cents a pound and stays there forever. Incidentally, to hope is about all we can do about this new effrontery.

NOTES and COMMENT

As to "gentlemen's agreements" between nations, they are not likely to work with satisfaction, especially when the United States is one of the parties. A compact between a responsible and an irresponsible party, based merely upon honor, is ill-situated. The responsible party may observe the spirit of it, but the party of the second part may only live up to it as long as it is of advantage to do so. We have the picture-trade business with the Japanese as evidence of this.

The bridging of the bay to relieve the pressure in automobile traffic is not so imminent as to justify acrimonious amenities, as there seems to be a disposition to indulge in. A bridge or a tunnel would accommodate much other traffic, and neither is likely to be built just for one purpose.

Are we really to understand that there is a probability of Billy Sunday and Billy Bryan hitching up in a prohibition ticket? Beyond definitely herding them in the same compound it seems that such a movement would be immensely futile.

At a recent conference the nominee was "delighted" and the President "happy." It is seldom that such a situation is so pleasing to everybody, including the hosts that are marshalled on the opposite side. It is singular that the nominee's statement—"What the President promised, I shall, if elected, endeavor to fulfill all my strength to give"—should be much comfort to both sides.

The Farmer-Labor party has a very impressive name, but it would seem that it is shy of farmers and laborers in the rank and file. At least, that sweating toiler, Amos Pinchot, is not also running.

The advice of the apprehensive mother to her children, not to go near the water till they know how to swim, recurs when so many accidents to summer outing parties are recorded. It is a fact that city folk who are used to swimming only in bath tubs are more reckless in invading country streams than natives. Indeed, the general recklessness of mankind seems to be increasing, as the daily lists of accidents bear testimony.

When the caption, "Growers see rosy outlook for peaches," is considered, the question may suggest itself as to what the ultimate consumer sees. His vision is of some importance—at least in his opinion.

Mr. McAdoo appears to be carrying the idea that he could have been nominated had he so desired. He seems to be unaware of the fact that that phase is over and past, and that the players are now proceeding with another feature of the game. Lost in the confusion of the game, he is promising of all corpses on which to hold post mortems.

It was somewhat admirable that no disposition was shown to "crow" over Los Angeles because of its earthquake. This is especially so because at a certain time in the past there was no disposition there to correct erroneous impressions as to similar elemental disturbances in other parts of the State.

There is a headline to the effect that "Harding Hurts Challenge." There was a possibility at one time that this would be a "hurting" and "wounding" campaign, but the campaign of Harding was taken to preclude it.

SPIRIT OF THE STATE PRESS

Raisin growers of the valley are naturally mystified and in some cases alarmed at the movements of President Giffen of the Associated Raisin Company, who suddenly called off his visit in the East and hurried back to Fresno during the time following an alleged statement or emanating from the United States Department of Justice. Giffen refuses to give out the cause of his sudden westward movement, thus leaving the raisin growers to guess at the cause—Harford Sentinel.

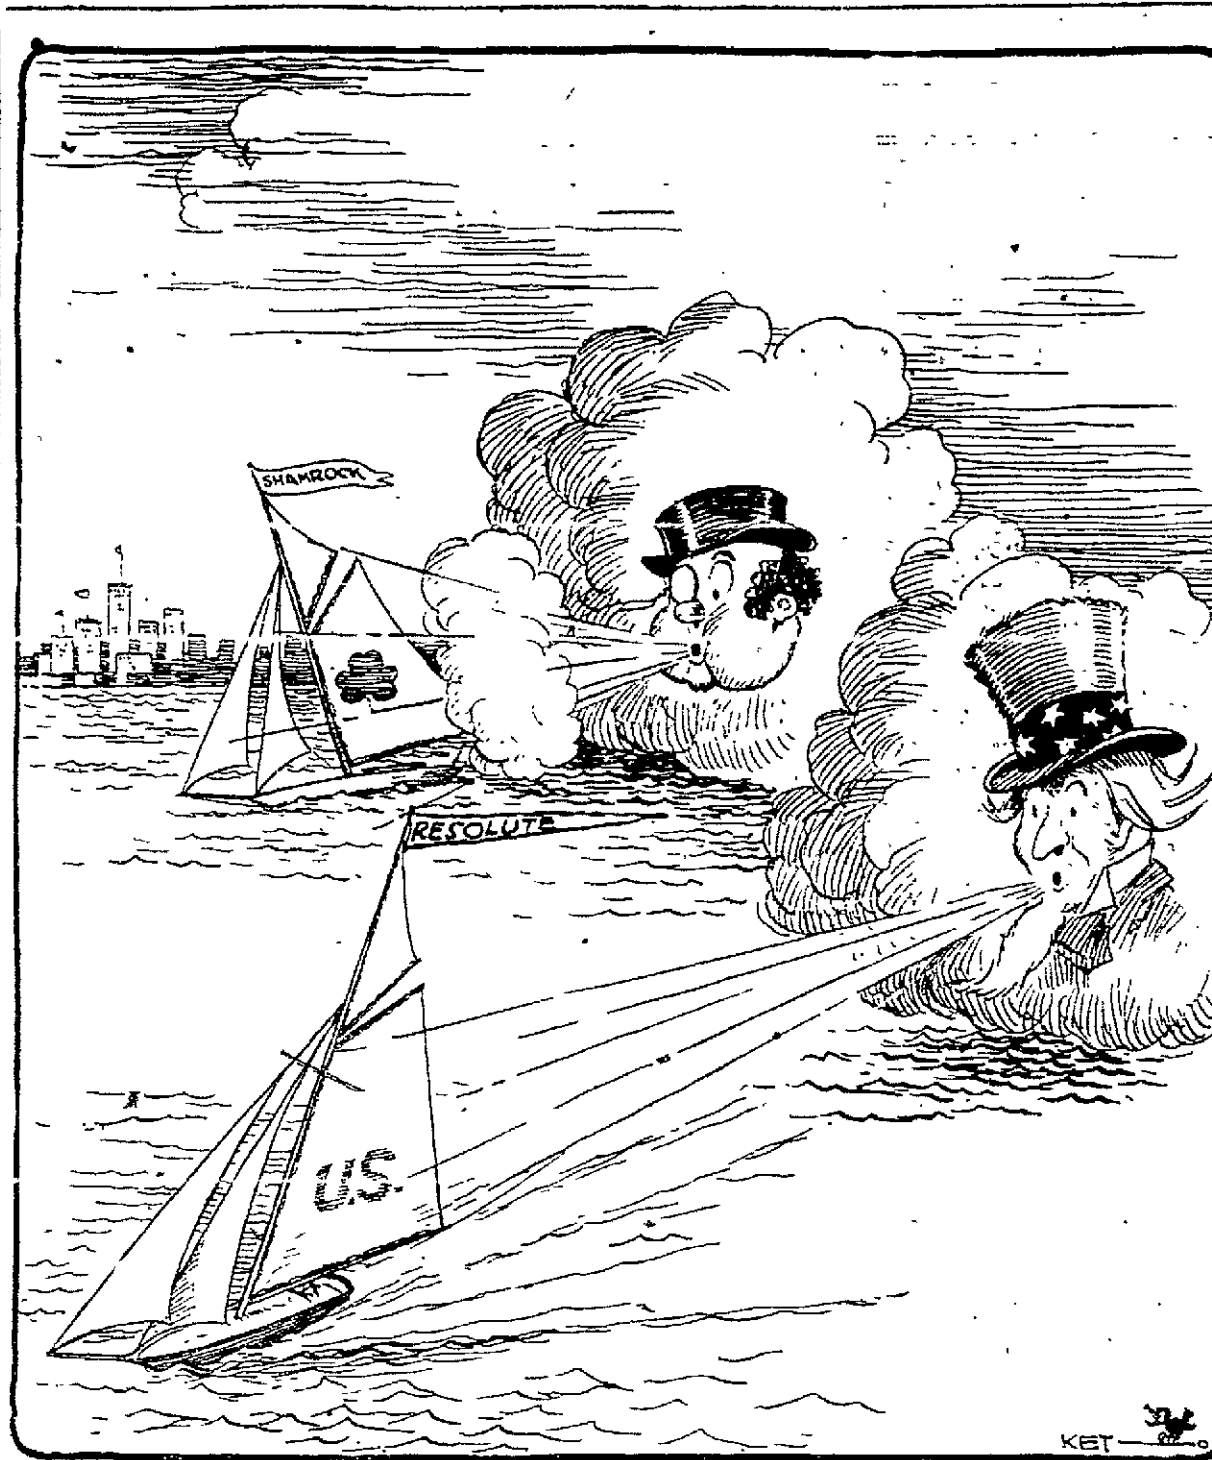

The opening prayer of the Forty-eighth convention was "received with cheers." The chaplain informed that the Republicans took orders from self and the Democrats were "not concerned about the heaven or hell," leaving it doubtful what was the source of their inspiration. He also denounced Palmerism and Penroselism, wessed Eugene Debs and the Bolsheviks, and praised discent among the negroes and in Ireland. Naturally the convention yelled.—Fresno Republican.

The news despatches of the day carry the intelligence that the hangmen in Germany have gone on a strike for more pay. Not only higher pay but shorter hours are demanded by these knights of the rope. They have grown so accustomed to shortening the hours of their customers, that they see no reason why the same favor should not be extended to them.—San Francisco Journal of Commerce.

A baby seal was found in front of the hospital at Port Bragg and was captured by the crowd of curious on-lookers gathered to witness the unusual spectacle. It is well known how it got so far inland, but coasters are inclined to believe that it swam up Pudding creek and made its way down the street to the hospital.—Litch Press.

Over in Iowa, baby babies are destined to become future residents of California. But over in Ohio the young hopefuls are picked out by doing parents to be president when they grow up. And quite often these pickings are made in choosing the brilliant careers of the youngsters.—Long Beach Press.

BLOW 'ARD, JOHN!

PART-TIME EDUCATION

Preparations For Administering the New Federal Law For the Schooling of Boys Who Quit Classroom For a Job

The part-time education law passed by the last Legislature is effective, from the first of July, 1920. It provides an opportunity for those who have dropped out of school, before they had obtained sufficient training, to receive additional education and training and still remain at work. In the past the only way open to workers has been the night school. The night schools of Oakland are now being transformed into day schools. For these part-time courses will furnish a real opportunity. They can continue to work and at the same time can acquire some of the training they have missed.

The Board of Education has appointed Walter A. Tenney, principal of the Vocational High School, as director of part-time education. D. O. Brulhart, also of Vocational High School, is acting as co-ordinator of part-time education. Under the direction of the board, they are now engaged in making a survey of the industries of Oakland to obtain all the information possible before classes are started after the summer vacation. Registration day for part-time pupils has been set for August 16, but Mr. Tenney and Mr. Brulhart may be consulted by either employers or pupils at the Vocational High School, Twelfth and Market streets, from 3.30 to 5.00 p. m. during the summer.

It is the aim of the school authorities to co-operate with parents and employers in the most helpful way in making part-time education a powerful agency for service both to the students themselves and to the community at large. In their interviews with parents and employers they are being met in the same splendid spirit of co-operation. Several employers are already conducting their own part-time schools. These will be recognized as fulfilling the requirements of the law, such slight modifications as are necessary being made. Others employers have offered the use of rooms in their plants, and every other assistance which they can render, for employees. The part-time education plan holds wonderful possibilities for the conducting of classes of the illiterate and the poor physical condition of American young men shown by the draft, the Legislature has provided that forty minutes each week must be devoted to instruction in health and citizenship. However, these subjects take up but one-sixth of the time. Second, to provide instruction of whatever kind will best serve to increase the efficiency and consequently the earning power of the student. These apprentices to a trade, or established in any occupation, commercial or industrial, will be given instruction related to the occupation, in so far as possible and as the student desires. Classes in shop mathematics, drawing, commercial subjects, machine shop, automobile work, electrical work, forging, sectioning, welding, pattern-making, printing, home making, cooking, millinery, dressmaking, etc., are to be provided. Those in temporary jobs or jobs for which they are not fitted can begin studying a new vocation. Vocational counseling will give valuable aid to such students in choosing a vocation. The law further directs that those who wish to continue their regular high school studies shall be given the opportunity so to do.

It is estimated that there are now in Oakland nearly a thousand young people who will come under the operation of this law. Of these about half are working in the downtown offices and department stores or in Oakland factories, while the remaining half are either assisting in

TODAY 20 YEARS AGO

F. E. Rohrs, Oakland pioneer and proprietor of the old East Oakland Tannery, dies at the age of 88.

 Broadway—Feature Pictures.
 Neptune Beach—Surf Swimming.
 Idora Park—Outdoor Swimming.
 Lake Merritt—Boating.

WHAT'S DOING TOMORROW

Girls of '61 to '65 meet, Memorial hall, afternoon.
 Baystate Parlor, Native Sons and Daughters, meet, Alcatraz hall, evening.
 John A. Lemax lectures, Wheeler hall, U. S., 4 p. m.
 Business Women's forum, Y. W. C. A., 6:30 p. m.

THE JESTER

The Better Way.
 "Did you tell Clarence you would cut him off without a shilling if he married that girl?"
 "No," answered the wise father. "The idiot would have married her in spite of that. I told the girl."—Edinburgh Scotsman.

Tastes Change.
 "He used to kiss me every time we passed through a tunnel before our marriage," said the sad little woman.

"And doesn't he do so now?" asked the boom friend.

"Now he takes a drink,"—Blighty, London.

Nature of the Brute.
 "Is it true that the average man worries more about his own health than he does about his wife's?"

"If he doesn't," replied the cynic. "It's because there is something radically wrong with him."—Birmingham Age-Herald.

Expecting That.
 "I am not expecting any package," said Mr. Howdie, as a van stopped at the door of his house.

"This is the number," persisted the driver, looking at his book again. "Name's Howdie, ain't it?"

"Yes."

"Then it's for you."

"I think it must be a case of mistaken identity."

"No, sir; it's a case of beer."

"Oh, is that so? Bring it in."—Edinburgh Scotsman.

And still I rock me by the fire. And every stroke a memory is Of some glad yesterday.

And often I have pined those Who pause to pity me. Knowing that they cannot share My wealth of memory.

YOUNG WIFE IS SUICIDE AFTER DOMESTIC ROW

Another tragedy of a wife who became a lone woman when her husband was at work was enacted yesterday with the suicide of Mrs. Violet Barry, 22, who six years ago was the 16-year-old bride of Ed J. Barry, an itinerant sheepshearer. Mrs. Barry lived with her three children, Ruth, Edward, 3, and Victoria, 1½, at 2127 Twenty-seventh avenue.

Yesterday afternoon she took strychnine and died shortly afterward at the Emergency Hospital. The poison was taken after a quarrel with her husband.

The husband had just completed his annual tour of the great stock-raising country of Arizona, Utah, Nevada and Colorado as a sheepshearer, and returned a week ago.

Yesterday afternoon, Mrs. Barry said her mother, who lives in San Francisco, went for a walk. As they passed a drug store, Mrs. Barry excused herself to buy "some medicine."

When they returned home Mrs. Barry took her "medicine" in the presence of her mother. "Headache powders," she called it. Later she told her mother that she had taken strychnine, but the mother thought she was joking, as she knew nothing of the Barrys' domestic affairs.

Shortly the effects of the deadly dose became apparent and an ambulance was summoned in which Mrs. Barry was removed to the Emergency Hospital, where she died five minutes after her arrival.

Mrs. Barry was about nineteen years younger than her husband. Their youngest child was born on Armistice day and was named Victoria in honor of the victory.

Court Threatens Attorney With Jail

Attorney Horace W. Philbrook, who spent several days in the county jail upon order of Superior Judge E. C. Robinson, for failing to file an accounting of his deceased wife's estate, was threatened again today with a jail sentence by Judge Robinson for contempt of court.

Philbrook persisted in declaring that statements of opposing counsel were untrue, in the face of the court's admonition to be less extravagant in speech, until finally he was told he would be sent to jail if he did not desist. Philbrook subsided.

A request of the attorney that he be permitted to read several hundred pages of proceedings in a court action connected with the estate was met by Judge Robinson's statement after the opposition had waived the reading, that they would be read at the court's leisure. Philbrook demanded that he be permitted to be present. The court said he might watch, but that the reading would be done silently.

First War Dead Due Six Come Tomorrow Legion Waits Bodies

The bodies of six California war heroes, the first to arrive home for burial in this state, will reach the Oakland mole at 1:38 o'clock tomorrow afternoon, according to information received today at the office of Oakland Post No. 5 of the American Legion. The information was telephoned from the cemetery branch of the depot quartermaster of the army at Fort Mason.

The local post of the American Legion will take charge of the Red Cross hospital at the Oakland mole and will supervise the work of sending the bodies from here to all parts of California as fast as they arrive. Each body will be accompanied to its final destination by an enlisted man of the army. Each casket, draped with an American flag, will be taken from the train and placed in the Red Cross hospital at the mole until it can be sent on.

The names of the first six soldier dead have not been received as yet.

NINE POISONED; BLAME TOMATO

SAN FRANCISCO, July 20.—Nine persons, five of them children, were removed to the Emergency Hospital this morning after having eaten decomposed tomatoes. The sufferers are members of two families. Those at the hospital are: Charles Doran and his wife, residing at 4212 Twenty-sixth street, and their children, John, 9; Elsie, 10; Helen, 6, and Charles, 4, and Mrs. N. J. Luiza, and a two months' old infant.

The Doran family, according to the physicians, last night were the guests of the Luizas in the same flat. The menu included macaroni and tomatoes.

All of the sick children are in a serious condition Emergency Hospital physicians said.

Dahlia Show Aid Ruling Is Adverse

Financial participation by the city in the Dahlia show to be held by the Alameda County Floral Society in September, can only be through an appropriation from the city treasury, according to advice furnished the city council today from the city attorney's office. The opinion contained an adverse ruling on the plan and would be a serious commission by the society, asking the city to sign pledge cards contributing to any deficit from the show and pledging a merchandise award.

BOARD ELECTS CITY TEACHERS FOR NEW YEAR

Additional teachers, selected from the recently adopted preferred lists and to be attached to the elementary and high school staffs during the coming school year, were elected last evening by the Board of Education, after Director Fred A. Campbell went on record against the importation of teachers from outside California for the local schools.

When the list of teachers selected at a meeting of the committee of the whole last week was laid before the board for final approval, Campbell temporarily blocked the vote on the list by bringing up the question of importation that caused two stormy sessions of the board when the preferred lists were submitted several weeks ago.

When the necessity for speedy action on the appointments was pointed out, Campbell finally gave his vote to the list with the understanding that his disapproval of the importation of outside teachers should be recorded, in order not to obstruct the process of placing the teachers in their positions.

A reorganization of the directing and supervisory division of the school department was effected at last evening's session, when Campbell, director of boys' vocational work in the Oakland schools, was made dean of directors and supervisors, with an additional salary of \$300 a year for his increased duties.

Further details of the re-arrangement of the branch included the placing of assistant directors and supervisors on the same salary schedule as departmental heads in the high schools, thereby effecting an equalization of salaries. In carrying out the changes to be made, supervisors and superintendents are needed will be assigned to the evening schools.

Roy T. Granger, head of the history department of the Oakland high school, was assigned to the position of half-time director of social studies at a salary of \$3000 a year, succeeding W. J. Cooper, who is now superintendent of the vocational department. Mr. Granger will be made advisor of the work at not more than \$600 a year.

Final approval was given by the board yesterday to a plan of the Civil Service Board re-classifying the non-pedagogical positions in the school department and adjusting salaries to correspond with salaries in other branches of the city government.

On the recommendation of the finance committee, requisitions for approved purchases for the purchase of materials totaling \$5,187.19 for supplies and additional shop and classroom equipment in various schools for the coming year were purchased totaling \$19,599, and consummation of the land valued at \$23,999.48 for the construction of new school buildings was made possible last evening when the Board of Education approved the recommendations of the building program committee and the citizens' bond expenditure committee calling for further immediate steps in the building program.

Four separate parcels of land in Eighteenth and Eleventh avenues will be purchased at a total cost of \$19,599 for the new Olive street school, contingent on the closing by the city council of the streets adjacent to the property. The property to be condemned includes two pieces of land in Twenty-eighth avenue and East Seventeenth street, for the Hawthorne school.

The condemnation proceedings will be brought after the appraisal price on the property has been offered by the owners by the land agent of the construction department, and Chief of construction Joseph Campbell has been authorized to prepare the necessary proceedings. The property is appraised at \$29,912.20, while the option price is \$29,912.20.

Further steps taken by the joint committee and sanctioned by the board last evening include the approval of the preliminary plans for the Bay and Laker schools, subject to revision by the superintendent's council, and the sale of buildings now encumbering the property of the Melrose Heights and Bay schools.

War Veterans' Pay Charge Investigated

Investigation of the protest filed with the City Council by the United Spanish War Veterans against neglecting two veterans of the order in the salary increases recently granted to city employees for the present fiscal year, was turned over to N. W. Cook, municipal efficiency expert, and Commissioner Frederick Soderberg this morning.

In reply to the Council's request several days ago for further information on the case, the organization today filed a communication announcing that the two veterans named in the new salary schedule were C. M. Wardell, Harbor Inspector, and G. J. Rennacker, foreman of the waterfront crew. Both positions are in Commissioner Soderberg's department.

Council Authorizes Street Pay Claims

Claims aggregating \$415 for the payment of salaries of street improvement inspectors under the street improvement act of 1911, which were held up by City Auditor Harry G. Williams, were authorized for payment over Williams' objection by an unanimous vote of the city council this morning on the advice of City Attorney H. L. Hagan.

Williams because they included the additional sum of \$180 placed in a recent ordinance to provide the Vrooman inspectors an increase from \$5 to \$7 a day. The act creating the positions fixed a maximum salary of \$5 a day, and Williams refused to audit the claims for the additional sum.

Girl Tires of Life At 16; Takes Poison

SAN FRANCISCO, July 20.—Because the things she had learned in her sixteen years of life were not the things that she most desired to be known and because for that reason she was tired of life, Eva Cutler, 16 years old, who resides at the Emanuel Sisterhood hotel, 1057 Steiner street, attempted to commit suicide today by drinking poison. Her limp body was found in a room of the company where she is employed.

The girl was taken to the Harbor Emergency hospital and later removed to the Mt. Zion hospital where, physicians say, she has chances of recovery.

ROBBER SHOT BY ARMY MAN GETS AWAY IN NIGHT

Firing with a U. S. army revolver over the hindwings of his bedroom at two men who were trying to enter his garage at 154 Ricardo avenue, Piedmont, Major Frank J. Maxwell of the Western Department registered a hit on one of the robbers, both of whom then fled early this morning.

Piedmont, Oakland and San Francisco police are watching the hospitals for the appearance of a badly wounded man.

Maxwell saw the men prowling about his garage about 3 o'clock this morning. When they attempted to break into the place the unnumbered his big service revolver and fired by salvos. At the first rain of lead one of the men let out a yell and both fled precipitately. Blood was found on the cement driveway into the garage this morning by Chief Becker and a posse which is searching for the bandits.

The same burglars, it is believed, were chased away from the home of J. Colubay, 150 Ricardo avenue, a short time before.

Chief Becker said he believed these men entered the home of Mrs. Stevens on Cambridge way a few days ago.

New Complaint Re-jails Woman As Cell Opens

MRS. FLORENCE BLISS, alleged "game" operator, re-arrested today on mining swindle charge.

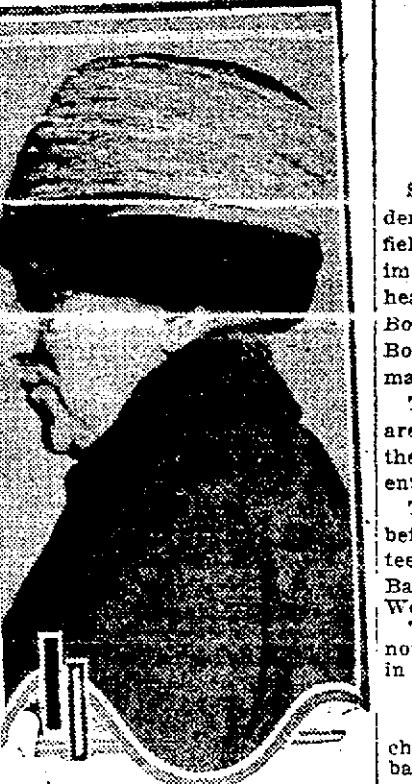

Just as the steel doors of her jail cell were about to open to free Mrs. Florence Bliss, alleged confidence operator, on the order of the Appellate Court, District Attorney Decoto this morning served her with a corrected complaint charging her with fleeing W. H. Lansdale, Oakland butcher, of \$300 in a mining deal.

Attorney Gilbert Jones, with a certified copy of the delayed order from the high court instructing that Mrs. Bliss be released, demanded that the sheriff of Alameda county free a woman from the county jail. Mrs. Bliss was legally freed under the order but was arrested on the new complaint before she could leave the jail.

Visions of managing the Lucky Girl group of mines at an enormous salary for a generous woman whose quarterly income was \$60,000, who owned a million dollars worth of property in New York and a similar amount in Canada, were held out to Lansdale to induce him to give Mrs. Bliss \$300 in cash, the prosecution alleges.

She was convicted in May by a jury before Judge A. F. St. Sure of look over the property.

OIL WORKERS ASK \$7 A DAY IN PLACE OF \$5

MRS. FLORENCE BLISS, alleged "game" operator, re-arrested today on mining swindle charge.

SAN FRANCISCO, July 20.—The demands of more than 20,000 oil field workers in California for a minimum wage of \$7 a day are being heard by the Federal Mediation Board here today. Members of the Board announced that the hearing may last two days.

The oil field workers at present are getting a \$5 minimum which they hold is insufficient to meet present living costs.

The oil workers are represented before the commission by a committee headed by Walter Yarrow of Bakersfield, state adviser of the Oil Workers' Union.

The Standard Oil Company announced it would not be represented in the hearing.

CASE IS CONTINUED

The trial of Mrs. Emma Freitas, charged with the murder of her husband in East Oakland on April 10, was continued today until tomorrow.

The continuance was granted by Judge G. Quinn because another jury is being selected from the panel.

The Superior Court on the charge of obtaining this money under false pretenses and was sentenced to a term in the county jail. She has been in jail since November.

An appeal was taken by the defense to the Appellate Court which held that the information was faulty. Decoto appealed to the State Supreme Court which has upheld the Appellate Court. Yesterday an order was issued by the Appellate tribunal for the discharge of Mrs. Bliss but through an error, no copy was sent to Oakland. A copy of the order reached here this morning and Attorney Jones immediately served it on the sheriff.

The police and the district attorney charge that Mrs. Bliss was implicated in other swindles. The suit is still pending in the probate court in the estate of the late Margaret J. McIntyre who executed her will in favor of Mrs. Bliss under alleged peculiar circumstances.

Jones declares Mrs. Bliss is innocent. He said she did not receive any of the \$300 but that it was used to transport the party, consisting of Mr. and Mrs. Lansdale and their son and Mrs. Bliss to Elko, Nevada, to look over the property.

BOARD ELECTS CITY TEACHERS FOR NEW YEAR

Additional teachers, selected from the recently adopted preferred lists and to be attached to the elementary and high school staffs during the coming school year, were elected last evening by the Board of Education, after Director Fred A. Campbell went on record against the importation of teachers from outside California for the local schools.

When the list of teachers selected at a meeting of the committee of the whole last week was laid before the board for final approval, Campbell temporarily blocked the vote on the list by bringing up the question of importation that caused two stormy sessions of the board when the preferred lists were submitted several weeks ago.

When the necessity for speedy action on the appointments was pointed out, Campbell finally gave his vote to the list with the understanding that his disapproval of the importation of outside teachers should be recorded, in order not to obstruct the process of placing the teachers in their positions.

A reorganization of the directing and supervisory division of the school department was effected at last evening's session, when Campbell, director of boys' vocational work in the Oakland schools, was made dean of directors and supervisors, with an additional salary of \$300 a year for his increased duties.

Further details of the re-arrangement of the branch included the placing of assistant directors and supervisors on the same salary schedule as departmental heads in the high schools, thereby effecting an equalization of salaries. In carrying out the changes to be made, supervisors and superintendents are needed will be assigned to the evening schools.

Roy T. Granger, head of the history department of the Oakland high school, was assigned to the position of half-time director of social studies at a salary of \$3000 a year, succeeding W. J. Cooper, who is now superintendent of the vocational department. Mr. Granger will be made advisor of the work at not more than \$600 a year.

Final approval was given by the board yesterday to a plan of the Civil Service Board re-classifying the non-pedagogical positions in the school department and adjusting salaries to correspond with salaries in other branches of the city government.

On the recommendation of the finance committee, requisitions for approved purchases for the purchase of materials totaling \$5,187.19 for supplies and additional shop and classroom equipment in various schools for the coming year were purchased totaling \$19,599, and consummation of the land valued at \$23,999.48 for the construction of new school buildings was made possible last evening when the Board of Education approved the recommendations of the building program committee and the citizens' bond expenditure committee calling for further immediate steps in the building program.

Four separate parcels of land in Eighteenth and Eleventh avenues will be purchased at a total cost of \$19,599 for the new Olive street school, contingent on the closing by the city council of the streets adjacent to the property. The property to be condemned includes two pieces of land in Twenty-eighth avenue and East Seventeenth street, for the Hawthorne school.

The condemnation proceedings will be brought after the appraisal price on the property has been offered by the owners by the land agent of the construction department, and Chief of construction Joseph Campbell has been authorized to prepare the necessary proceedings. The property is appraised at \$29,912.20, while the option price is \$29,912.20.

Further steps taken by the joint committee and sanctioned by the board last evening include the approval of the preliminary plans for the Bay and Laker schools, subject to revision by the superintendent's council, and the sale of buildings now encumbering the property of the Melrose Heights and Bay schools.

War Veterans' Pay Charge Investigated

Investigation of the protest filed with the City Council by the United Spanish War Veterans against neglecting two veterans of the order in the salary increases recently granted to city employees for the present fiscal year, was turned over to N. W. Cook, municipal efficiency expert, and Commissioner Frederick Soderberg this morning.

In reply to the Council's request several days ago for further information on the case, the organization today filed a communication announcing that the two veterans named in the new salary schedule were C. M. Wardell, Harbor Inspector, and G. J. Rennacker, foreman of the waterfront crew. Both positions are in Commissioner Soderberg's department.

Council Authorizes Street Pay Claims

Claims aggregating \$415 for the payment of salaries of street improvement inspectors under the street improvement act of 1911, which were held up by City Auditor Harry G. Williams, were authorized for payment over Williams' objection by an unanimous vote of the city council this morning on the advice of City Attorney H. L. Hagan.

Williams because they included the additional sum of \$180 placed in a recent ordinance to provide the Vrooman inspectors an increase from \$5 to \$7 a day. The act creating the positions fixed a maximum salary of \$5 a day, and Williams refused to audit the claims for the additional sum.

Girl Tires of Life At 16; Takes Poison

SAN FRANCISCO, July 20.—Because the things she had learned in her sixteen years of life were not the things that she most desired to be known and because for that reason she was tired of life, Eva Cutler, 16 years old, who resides at the Emanuel Sisterhood hotel, 1057 Steiner street, attempted to commit suicide today by drinking poison. Her limp body was found in a room of the company where she is employed.

The girl was taken to the Harbor Emergency hospital and later removed to the Mt. Zion hospital where, physicians say, she has chances of recovery.

"A Professional Wage"

"The teachers must stand by the wheel while Mr. Public Citizen does for his schools just what he is doing for his business. The situation is serious enough and heroic measures are needed. A 43-cent dollar and an old-fashioned wage do not go together."—Dr. Augustus Thomas in The Christian Science Monitor.

CLAY AT 14TH AND 15TH STS.

SIX MEMBERS OF SALT LAKE CLUB BATTING BETTER THAN .300

TOMMY SIMPSON WAS DARED TO MATCH JIMMY DUFFY WITH THE VETERAN WILLIE ROBINSON

HACK MILLER GETTING HIS SHARE OF BLOWS; DORMAN HITTING WELL

Earl Sheely Slipped a Bit Last Week, But Is Still Leading By a Wide Margin

By EDDIE MURPHY.

Earl Sheely, the leading hitter in the Pacific Coast League, is gradually being brought down to the mark where the leading hitter of the league is usually located at the finish of the season. A few weeks ago, Sheely was perched above the .400 mark, but today we find him down at .381, four points lower than last week. That mark is well above that which leading swatters in the league have been at this time during other seasons, so Earl can afford to slow up a bit. But Sheely's drop should not cause pitchers of other clubs in the league to feel any safer in going against the Bees right now than they would have been with Sheely hitting over the .400 mark.

While Earl has been slipping, five of his teammates who are well over the .300 mark, have been climbing fast. Earl Maggart and Ernie Johnson are holding second and third places among the leading batters, with Babe Gordon of Vernon and Justin Fitzgerald of the Seals holding fourth and fifth places respectively. Then comes Bill Rummel, who was king swatter in the league last season. Bill is a real fast and accurate before the season is over. He is giving his teammates a real fight to retain the crown. Rummel jumped to .335 last week from .320. Then he came up with a pace for a few weeks while the pitchers pulled Sheely down the line, he might get to .400. Earl Maggart, who gave Rummel his hardest fight for the batting crown last year, is again behind him. Earl is hitting .375 last week, but is only one point below Rummel. Manager Ernie Johnson's helpmate, is looking after the territory around second base for the Bees. He is the sixth batter for the Bees, hitting .360 mark. Marty is hitting the pill at a .387 clip.

Wally Hood, the new Bee outfielder, who came to the Bees from the Brooklyn Dodgers, has at last hit the stride expected of him. Wally went away with the bat last week and is now hitting .373. He has not been in enough games to class him with Sheely and other teammates.

DORMAN IS UP THERE
Hack Miller is the leading hitter of the Oaks with a .350 average. An improvement over last week. Hack and Cooper are the only Oaks regulars over the .300 mark. But if Charley Dorman can keep up his good work for a dozen or more games he will be a regular .300 hitter. Right now Dorman has a .375 average for sixteen games which is a pretty sweet average for a kid just breaking into a company. He landed on the Los Angeles pitchers for ten hits last week.

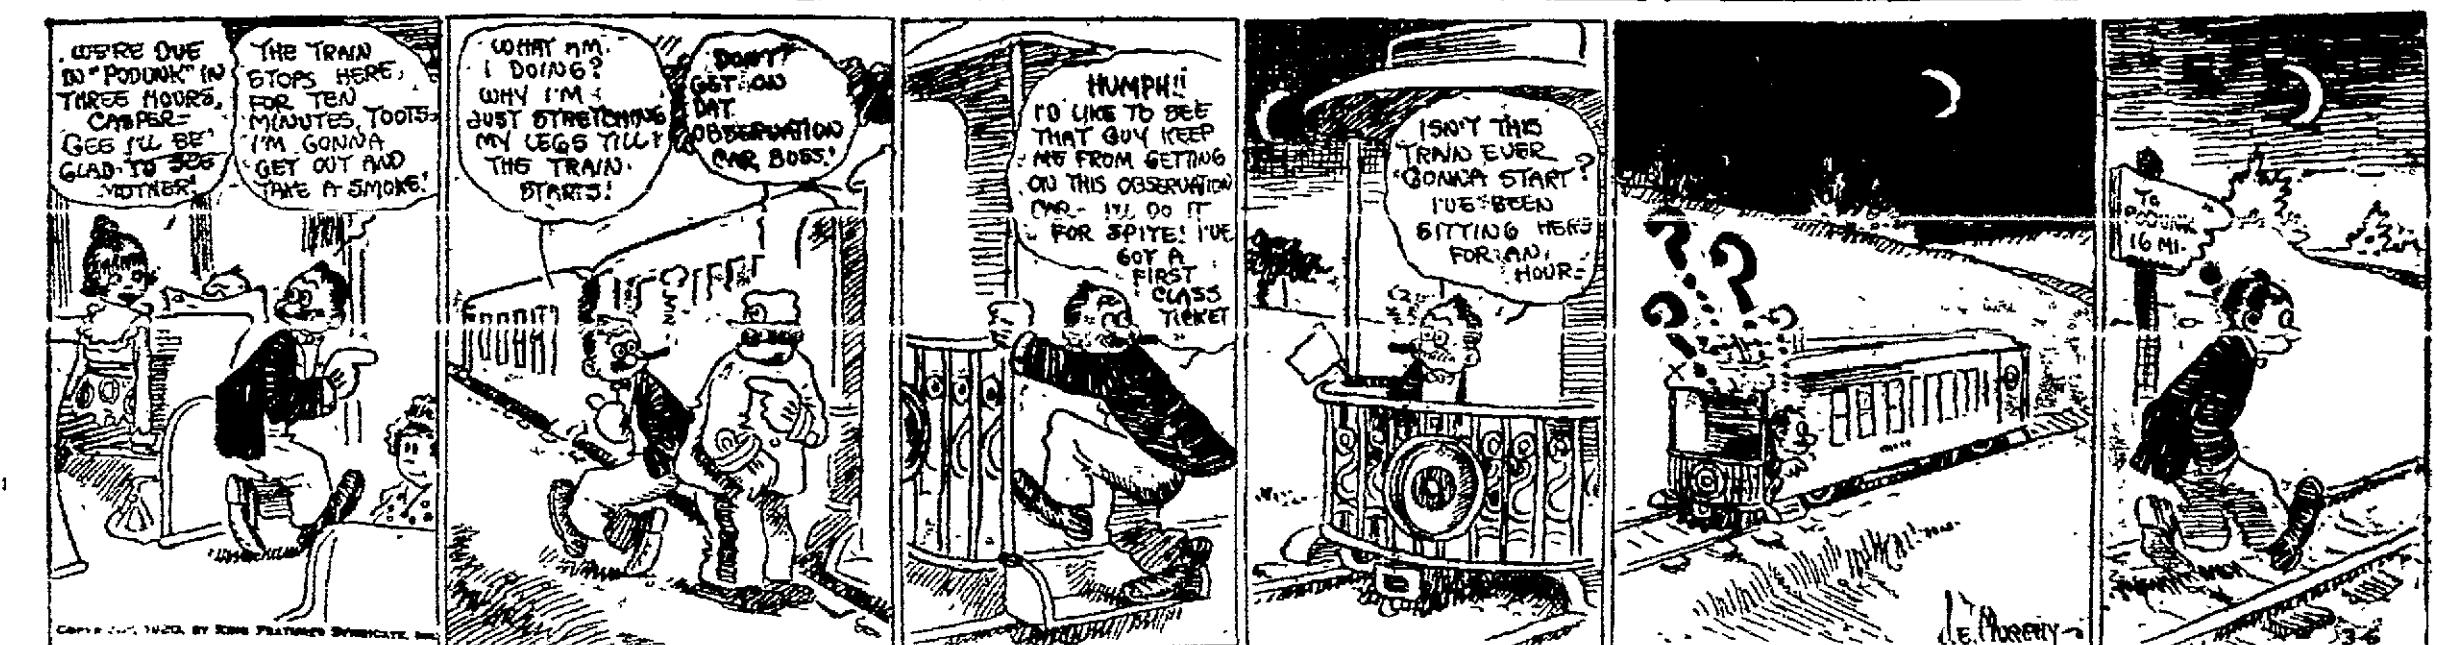

Justin Fitzgerald, Dee Walsh and Joe Connelly are the Seals batters.

TOOTS AND CASPER

AFTER OBSERVATION, REFLECTION

By Murphy

MANAGER OF DUFFY WILL NOT ADMIT HE PICKED A TOUGH ONE

Sudenberg and Denny Will Try and Out-Wild Wild Bill Reed and Jim Barry

By BOB SHAND

In matching Jimmy Duffy with Willie Robinson for the main event at the auditorium tomorrow night some of the boys think Tommy Simpson has made a big mistake. Any boxer who can lick Sailor Johnny Webber as artistically as Robinson did is a hard nut to crack and Duffy is going to have his hands full. "What with an Eastern trip and everything being prepared for him Duffy should have been given something easier than this Robinson party." That's the line of chatter the regulars are spilling in fight headquarters. Simpson and Duffy don't look at it that way. Says Tommy, "If Duffy can't whip the Robinson kind of fighter then there is no use of taking him East. If he isn't a better man than Robinson I would like to know it now instead of finding it out after I reach Chicago. I know that Willie gave Webber a fine beating but you surely don't compare Webber with Duffy?" Mr. Duffy thinks Robinson will be just as easy as the rest of them. He likes the fighters that come to him.

It was a sort of a dare that made Simpson line up tomorrow's main event. After Robinson's sensational victory over Webber, some of the customers opined that Willie would never get a crack at Mr. Duffy. "Watch Simpson start," they said, "that Robinson led," they chirped. Then they started writing letters to make the match.

The boys seem to think you are afraid to let Duffy box Robinson. How about it? "Do you think it will draw?" countered Tommy. "Sure," we replied. "All right," said Simpson, "I'll send Robinson a wire tonight and make the match for next week. If I didn't think Duffy could lick any boy of his weight around here, I wouldn't be fooling with him. All I am interested in is the drawing power of a match. The fighters have to take their chances in the ring. Results: 6-4. The fifth round (continued). J. Basham (-30) defeated C. R. Almgist (-30). 6-1 6-4. Sixth round (continued). Bert Shrader (-30) defeated J. Basham (-30). 6-1 6-2. R. Nelson (-30) defeated R. Rook (-30). (by default). Semi-final round. Bert Shrader defeated Q. Grosz (-15). 6-1 6-2. J. Simpson defeated H. Drieske (-30). 6-1 6-2. Final round. R. Simpson defeated Bert Shrader. 4-5 6-4 6-2.

Ralph Sisson Wins Mosswood Singles Event

Ralph Sisson won the final match of the Mosswood handicap singles tournament played Sunday on the Mosswood courts. Sisson and Bert Shrader came into the final round with a strong clean-cut victory. Sisson, who defeated Drieske and Shrader, defeated Shrader in the semi-final. The first set of the final match went to Shrader, 6-4. Sisson ran up a four-game lead in the second set, but Shrader by a close margin evened the count at 4 all. Here Sisson gained some clear "breaks" in the look and ran out the set, 6-4. The last set, which both players showed up, was annexed by Sisson in clean-cut style, 6-2. Results: 6-4. The fifth round (continued). J. Basham (-30) defeated C. R. Almgist (-30). 6-1 6-4. Sixth round (continued). Bert Shrader (-30) defeated J. Basham (-30). 6-1 6-2. R. Nelson (-30) defeated R. Rook (-30). (by default). Semi-final round. Bert Shrader defeated Q. Grosz (-15). 6-1 6-2. J. Simpson defeated H. Drieske (-30). 6-1 6-2. Final round. R. Simpson defeated Bert Shrader. 4-5 6-4 6-2.

Bates and Levy Win Doubles Matches

KANSAS CITY, July 20. Wallace Bates and Edmund Levy, California stars furnished the principal interest in today's play of the Missouri Valley sectional doubles tennis tournament. Both won their opening round matches and Bates won his second round match.

YOUR GIRL'S APPETITE

When your growing daughter's appetite becomes fickle and she shows a desire for sour, starchy or chalky articles, look after the condition of her blood.

If she is pale and languid, nervous, without ambition and irritable, her blood is unable to meet the demands made upon it.

Dr. Williams' Pink Pills are a specific remedy for the form of anemia, or lack of blood, that afflicts growing girls and proper treatment with these pills will not only correct the trouble but prevent it from progressing into a worse form.

During her teens a girl lays the foundation for her future health. Lack of blood at this time may rob her of robust, healthy womanhood. It is of the greatest importance to administer to girls who grow pale and weak a safe, non-alcoholic tonic, says Dr. Williams. Pink Pills are every requirement of the most careful mother.

Dr. Williams' Pink Pills make the blood rich and red and enable it to carry renewed health and strength to every part of the body. These pills are recommended wherever a tonic is needed.

Write today to the Dr. Williams Medicine Co., Schenectady, N. Y., for the free booklet, "Building Up the Blood." Your own druggist sells Dr. Williams' Pink Pills or they will be sent by mail, postpaid, on receipt of price, 60 cents per box—Advertisement.

SCALP TROUBLES ARE MANY

Specialist Says Different Hair and Scalp Ailments Require Different Treatment

Prof. John H. Austin of Chicago, who now has offices at the Owl Drug Co., has devoted over forty years to the study of hair and scalp troubles. During this time he has found that only with the aid of a most powerful microscope is it possible to determine the exact trouble with which the hair or scalp is afflicted.

People who really value their hair have come to consider a hair specialist of as much importance as doctor or dentist, for how can anyone without the knowledge or experience distinguish between such scalp disorders as seborrhea-oleosa, seborrhea sicca, alopecia pityriodes, etc.

Many cures demand cure of hair, but the vaseline and elixirs are like taking medicine without knowing what you are trying to cure.

Men and women troubled with scalp ailments should see Prof. Austin, let him turn a powerful microscope upon their hair and show them these parasites that destroy the hair cells and roots, and they will be convinced that the particular trouble must be known before each case can be intelligently treated.

During the past two years, at the Owl Drug Co., Prof. Austin has taught thousands of people how to stop falling hair, itching scalp, dandruff, relieve itching scalp and grow new hair.

FRED MICROSCOPIC EXAMINATION of the hair and scalp—both men and women invited—Private Office at the Owl Drug Co., 14th and Washington, Oakland, 718 Market St., San Francisco. Hours 10 to 12 and 2 to 4—Advertisement.

Cocoanut Oil Makes a Splendid Shampoo

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Multisided cocoanut oil shampoo (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it stays in place and shines brightly and easy to manage.

You can get Multisided cocoanut oil shampoo at most any drug store. It is very cheap and a few ounces is enough to last everyone in the family for months.—Advertisement.

It's Easy to Put on Flesh

All you have to do if you are thin and want to put on several pounds of solid "meat-ther" flesh is to take a five-grain tablet of Phosphorus Phosphate with each meal. This builds up the nervous system, enriches the blood and thus enables the vital organs to assimilate the food building, strength-making elements of your food which would otherwise go to waste. Folks who have tried it state they not only put on flesh but that it also almost invariably increases their vitality, energy, endurance. You can get enough blood-iron tablets for a three weeks' treatment of The Owl Drug Co. and it's so uniformly successful that your druggist, a man you know, is so eager to refund your money if you don't like it. Better get a package today and begin to get stronger and healthier, as well as better looking.—Advertisement.

IN THE SUN ALL DAY—SUFFER NO SUNBURN

If you have yielded to the lure of the outdoors and you find, after a day spent in the sun, that your skin is sore and tender, simply apply Santeptic Lotion and relief will be instantaneous. Sunburn, windburn and tan have no terrors for the woman who uses Santeptic Lotion. Stay outdoors in the hot sun as much as you please; Santeptic will give you protection and relief. It is the secret of many an unsplashed complexion after a season spent in the mountains or at the seashore. Santeptic is equally efficacious in those other annoyances incident to the summer season—bug bites, mosquito bites, bites or stings of bees, mosquitoes and other insects, both as a preventative and as a remedy. Santeptic should be included in the necessities carried on every outing trip.

Santeptic is easily procured at most drug stores and toilet goods counters and costs but fifty cents.—Advertisement.

MILITIA ROUTS MOB ATTACKING JAIL; ONE SLAIN

BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE.

DURHAM, N. C., July 20.—Jim Ray, 45, of Graham, was killed; Willie Phillips of Graham, seriously injured, and a Cleon Bradshaw of Hov River slightly wounded when a masked mob attempted to storm the Alamance county jail at Graham, where three negroes charged with an assault on a white woman were held, according to a statement by Captain Marion R. Fowler, commanding the Durham machine gun company, guarding the jail.

"Absolutely false," Captain Fowler said in conversation with the report that no reason could be assigned for the shooting. "The masked mob," he said, "fired the first shots. The machine gunners returned the fire with machine guns and side arms."

The man killed and the two men injured were not members of the mob, Captain Fowler said.

ATTACK WELL PLANNED

The mob that stormed the jail was made up of about fifty men. They surrounded the building and made a concerted attack, Captain Fowler said. As they ran toward the jail they emptied revolvers and rifles at the structure.

The soldiers and machine guns had been placed inside the building and by order of Captain Fowler they returned the fire. The battle lasted for three minutes. More than 100 shots were fired. "We used both the machine guns and side arms," Captain Fowler said.

The bullets fired by the mob rattled about the jail and through the barred windows. Several of the mob came dangerously near the soldiers, but none of them was injured.

When the mob ceased firing, Captain Fowler ordered his company to discontinue active activities.

At 12:30 o'clock this morning Captain Fowler talking over a telephone inside the jail said:

"All is quiet, but we are expecting another attack."

Colonel Van Metts, adjutant general of North Carolina, Captain Fowler said, is hurrying to Graham in an automobile, having left Raleigh before midnight. Owing to heavy rains, he is not expected to cover the distance before daylight.

Upon recommendation of Colonel Don Scott, commander of the first regiment, Adjutant General Van Metts ordered the Durham reserve militia, commanded by Captain E. L. Bishop, to be in readiness to proceed to Graham.

WITNESS IS LYNCHED

DULUTH, July 20.—The special county grand jury investigation of the lynching of three negroes here on June 15 last declared in its final report that Isaac McGhie, one of the negroes hanged, had no part in the attack on a white girl, which brought about the trouble. Evidence brought before it convinced the grand jury, the report said, that McGhie was merely hit by the police as an important witness.

AUTHOR-PRIEST OFF FOR ROME

PITTSBURGH, Cal., July 20.—After serving over five years as pastor of St. Peter's Catholic Church in Pittsburg, Rev. Reginald Fel is to leave about August 1 for Rome. Two priests have been assigned to take his place.

When Father Fel came to Pittsburg the church was about \$2000 in debt. He succeeded in wiping this out and establishing a surplus as well as securing six city lots which the church now owns. A new rectory is being completed and plans are being made for a new church.

At the first mass celebrated here on Sunday following his arrival no one was present except himself and the altar boy. During his pastorate he has christened 73 children, married 100 couples and officiated at 100 funerals.

Father Fel was for 15 years professor of theology at the University of Freiburg, and is the author of a number of books, among them six volumes on theology, a volume on the evolution of dogma and the inspiration of the Bible, a volume of sermons and several minor books. He came to the United States to study conditions here.

TREE 258 YEARS OLD.

QUINCY, Cal., July 20.—A yellow pine tree cut near here recently, was said by witnesses to be 258 years old. The tree yielded 12,140 board feet. A narrow section was shipped to Washington, D. C., for exhibition in the Bureau of Forestry.

SQUEEZED TO DEATH

When the body begins to stiffen and movement becomes painful it is usually an indication that the kidneys are out of order. Keep these organs healthy by taking

GOLD MEDAL HARLEM OR

The world's standard remedy for kidney, liver, bladder and uric acid troubles. Famous since 1906. Take regularly and keep in good health. In three sizes, all druggists. Guaranteed as represented. Look for the name Gold Medal on every box and read the directions.

Young Woman Hurt, Hit By Street Car

A fracture of the left arm and cuts and bruises on the back, knees and right hand were suffered by Mrs. Ethel Hermanson, 22, a stenographer living at 3041 Hillegas avenue, Berkeley, when she was struck by a street car at Orchard street and Broadway last evening. With Mrs. Hermanson at the time of the accident was Dewey Huggard, of the same address, who took her to the Emergency hospital for treatment and later removed her to her home.

DR. SHUEY TO TALK

Dr. Sarah I. Shuey, pioneer woman physician of Oakland, will be the speaker at the Thursday luncheon of the Business and Professional Woman's Club at the Puritas Cafe. She will relate her early experiences. Roll call of members will precede the address.

FATAL LEAP OF WOMAN PROBED

SAN JOSE, July 20.—An inquest was held today at Santa Cruz over the body of Miss Della Thompson of Oakland aged 23, who killed herself at Santa Cruz yesterday morning by jumping in front of a passenger train about a mile from the railroad station.

The engineer testified that he noticed a woman sitting near the track and that she leaped in front of the locomotive when it was too late for him to stop the train.

Miss Thompson had been visiting friends at Santa Cruz for the past three months and friends said that she had been despondent.

Chinese Girl Shot By Boy Expected to Live

Miss Victoria Luck, aged 22, a Chinese cannery worker living at 301 Seventh street, who was shot in the head on the estuary with a gun in the hands of Willie Kee while the latter was hunting yesterday afternoon, was so greatly improved in condition today that physicians at the Providence hospital say she will recover. Another Chinese boy, Wong Kong, was in the boat at the time.

The girl says that Kee became angered when she told him to stop shooting at a target, and that they fired at her deliberately. The boys declare that the shooting was accidental.

Kee is the son of Sam Kee, millionaire merchant. No arrests were made. Kee is only 11 years old and Kong 12.

Volstead Wins Seat; Rival Disqualified

BENSON, Minn., July 20.—Rev. O. J. Kvate of Benson is disqualified as the Republican candidate for Congress in the Seventh Minnesota district. In a decision filed here today by District Judge Albert Johnson, who heard the suit contesting Kvate's nomination.

Congressman A. J. Volstead, author of the Prohibition enforcement act, who was defeated by Kvate in the June 21 primary, is declared in the decision to be the "duly nominated candidate of the Republican party." Kvate was endorsed by the Non-Partisan League.

NEW TERM OF UNIVERSITY TO BEGIN AUG. 13

BERKELEY, July 20.—Anticipating a record enrollment, President David P. Barrows today announced that applications for admission to the university should be filed by August 2.

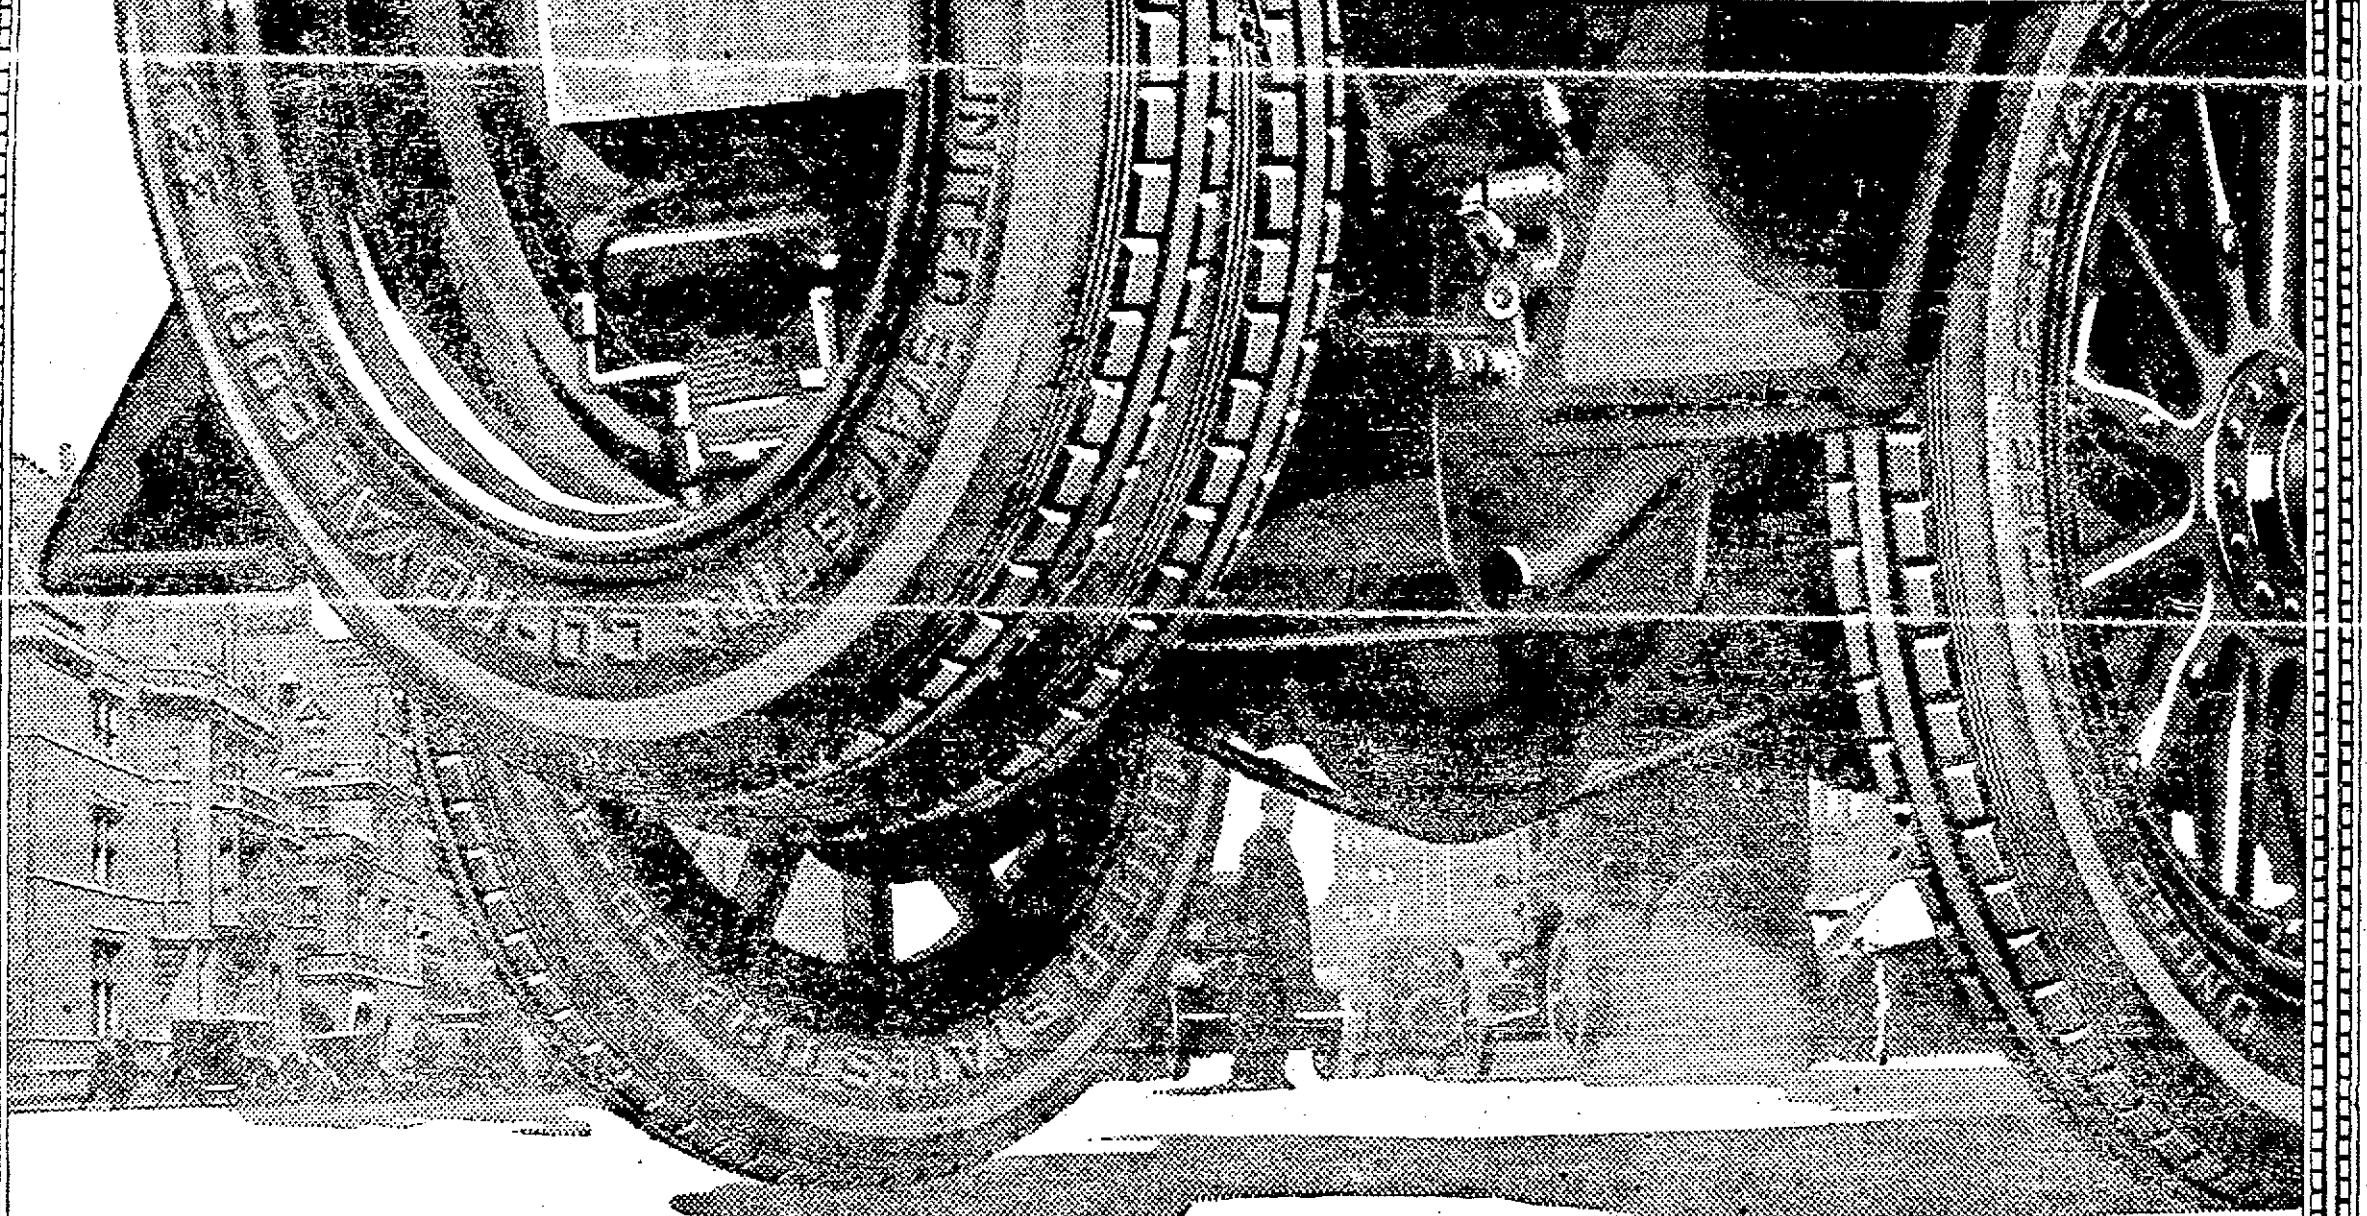

Matriculation examinations will be conducted August 5 to 10. New registration will take place on August 13 and 14. Old students will register on August 16 and regular work will begin August 17.

ered probable fatal injuries. At the Union Iron Works hospital it was found Bertollo had suffered a broken back in addition to severe contusions and bruises of the body.

"A Professional Wage"

"Schools are not maintained to make a living for those who teach; they are maintained to give trained minds, vision, and understanding to youth. If the nation fails to respond to the present emergency it is the next generation that will have to answer."—Dr. Hibben of Princeton in The American Magazine.

For Professional Services

Why Cord Tires

FOR seventeen years motorists have been buying cord tires—since one of the factories of the United States Rubber Company built the first cord tire.

Ask the average motorist today why he buys cord tires and he will tell you because they give him more miles for his dollar—on the average.

Experienced motorists have come to expect something more from cord tires than merely "more miles on the average."

Watch an experienced motorist buying a tire sometime when you happen to run across one in a tire shop.

You will probably see him feeling the tire the dealer hands him—not consciously, perhaps, but as if from force of habit.

Sometimes he will ask to see another tire of the same make.

Experience has taught him that even tires of the

same make may vary considerably.

One of the reasons—the biggest reason—why the United States Rubber Company began its enlarged production of cord tires was because it realized that cord tires *could* be made to deliver more miles—not only on the average—but *all the time*.

This company has spent more money than any other tire concern on earth in making its Cord Tires uniform.

And by uniformity is meant not taking the exceptional tire and trying to find out what made it exceptional, but building *every* tire you build to the highest standards of quality.

U. S. Royal Cord Tires United States Rubber Company

Tire Division Branch, 2812 Broadway

INDUSTRIAL NEWCAST SHIPING DAYS EVENTS IN WORLD OF FINANCE

RAILWAY GROUP RECEDES UPON WAGE DECISION

NEW YORK, July 20.—Announcement of the \$300,000,000 railway wage award made just before the opening of today's stock market occasioned moderate selling of the railroad group. Traders acted on the assumption that the award would be unsatisfactory to the railroad workers. Low priced speculative issues, such as Southern Railway, St. Louis and San Francisco and Missouri Pacific common and preferred were lower by 1/4 to a full point. Automobile shares and steel and equipment issues were inclined to rise.

No material change was shown by the market in the speculative dealings of the final hour, leaders holding at or within range of their best prices one continued ease of money. The closing was firm. Sales approximately \$300,000 shares.

Liberty bonds final prices today were: 3 1/2% 90.96; first 4 1/2% 95.46; second 4 1/2% 94.76; third 4 1/2% 95.80; fourth 4 1/2% 95.80; Victory 3 1/2% 95.82; Victory 4 1/2% 95.84.

SULLIVAN TRIAL
FUTILE, ASSERTS
STATE ATTORNEY

SAN FRANCISCO, July 20.—Attorney General L. S. Webb today asserted that there has been no change of plans by his office in connection with the dismissal last Friday of an indictment on a charge of bribery against Police Judge John J. Sullivan.

Webb declared that a trial of Judge Sullivan would be fruitless and futile in view of what he termed was the nature of the evidence under which the trial would have to proceed.

The evidence upon which Judge Sullivan would have to be tried pointed out Webb, "was disclosed during the trial of Vincent Recara. Any one familiar with the nature of the evidence disclosed at that trial would know he had no doubt that any action against Police Judge Sullivan would be utterly fruitless and futile."

LETTER FROM PRESIDENT
The letter from Jeremiah F. Sullivan, president of the Bar Association, was sent to me yesterday several weeks ago and has been in my possession some time. It contains the different points brought out in the communication thoroughly were discussed in a conference between myself and members of the association. There has been absolutely no change in my plans insofar as Judge Sullivan is concerned, nor are any changes possible in view of the nature of the evidence now available to my office.

The indictment against Police Judge Sullivan was dismissed last Friday in the Superior Court on the motion of Webb.

The letter received yesterday by Jeremiah F. Sullivan, president of the Bar Association, demanded that the case be abandoned without a vigorous fight to the last ditch.

It reads in part:
"Honorable L. S. Webb, Attorney General—Dear Sir: You were good enough to invite the representatives of the Bar Association into a conference. You discussed the question as to whether the other men in the case and the charge for receiving a bribe were against Police Judge Sullivan should be tried. You expressed a desire to have the views of the Bar Association."

"The Bar Association through its committee has given very careful consideration of the entire subject matter. We feel very deeply the necessity of trying the two remaining indictments and can not give our approval to any thought of abandoning prosecution of these cases despite the verdict in the case recently tried."

judicial system of the directly implicate one of our committing magistrates in his hands. They indicate a general system of common bribery in which judgments of our lower courts were sold practically on a brokerage basis."

Girl Dances Often
With Britain's Heir

MELBOURNE, Australia, July 20.—Miss Gertrude Courtney, Dix is probably the most talked of young woman in Melbourne. Up to June 1 she had danced eight times with the Prince of Wales at the first federal government house ball soon after the prince reached Melbourne.

He selected her as a dancing partner without introduction. Miss Dix is the daughter of a public accountant. She came out two years ago.

Why mothers heave a sigh of relief when the 4th is over By Fontaine Fox.

New Refinery Expected to
Relieve Shortage of Gas

The gasoline and oil shortage in California will be relieved within thirty days when the \$2,000,000 Associated Oil refinery at Aron is completed, it is announced by that company.

Other developments were the Customs I. O. Davis in San Francisco, knowing that 4,000,000 gallons of gasoline was exported from San Francisco in June and the announcement by Captain J. J. Cheatham, supply officer of the Mare Island navy yard, that seizure of plants still intends.

The Associated Oil company says the relief will be permanent. The concern says that further regulation is not needed and asserts that the fine winter weather which has greatly increased the use of motor trucks, pleasure cars and jitneys has been responsible for the immediate consumption.

Only increased production of oil from the wells however can solve the crude oil shortage, the oil company declares.

American shipping interests have been warned of a crude fuel oil shortage in Australia.

Captain J. J. Cheatham, supply officer of the Mare Island Navy yard says that the safety of the Pacific fleet is being jeopardized by the attitude of the oil concerns. The price of the oil is \$1.72 a barrel, while the Standard Oil Company's Shell \$2.35 and the General Petroleum company \$2.25 until October 1 and market price thereafter. Cheatham is inquiring into the collusion that he says must have existed among the oil companies, for all of them to have set the identical date of October 1 for another big raise in oil prices.

As large a volume of business as is wise to handle at my other two offices has caused me to open an office at 1010 Broadway.

LEAGUE WOMEN
QUIT IN HUFF AT
BOYCOTT HEARING

After Oakland State Housewives' League had voted a boycott on milk simultaneously with an announcement of an increased price over the present 15 cents a quart schedule, a meeting yesterday was thrown into a furore by the introduction of a discussion in the present meat controversy.

The problem offered by the Chinese butchers' office, opened up the entire Asiatic problem and resulted in the withdrawal of two members from the council chambers of the city hall, where the session was held. Calm was restored when a motion to place the matter upon the table for two weeks prevailed.

Charges that butchers in Berkeley and members of labor unions were patronizing the oriental markets were hurled in reply to those who strenuously objected to any mention of the Chinese shops being made on the floor. Suggestion was made that women be recruited to act as meat salespeople.

Mrs. S. P. Emery, chairman of the fair price committee of the League, defended the oriental shops on the grounds that they were American. The league is already on record as endorsing Oakland industry and American citizens' interrupted Mrs. M. Barker. We cannot be on both sides of the question.

I will not tolerate such a discussion declared Mrs. Hilma Bjork, who had been a participant in the debate. I stand for American principles. With Mrs. R. Samuels she withdrew from the meeting after the two women had resigned from the organization.

Assailing the distributor and deliverer man from blame in the contemplated advance in milk prices the State Housewives' League went on record as in favor of boycott should an increase be announced for August 1. It was intimated that in the event of a boycott milk at 14 cents a quart would be demanded before the boycott would be lifted.

It was charged that the proposed raise had back of it a scheme in San Francisco to do away with 14 cent milk in the stores under a contract with the Retail Grocers' association.

Mrs. A. T. Kalas president appointed to an emergency milk committee, Mrs. S. P. Emery, Mrs. M. E. Barker, Mrs. G. F. Williams.

The State Housewives' League market which is conducted twice a week offering foodstuffs at wholesale costs has done a \$1167 business since June 12.

The City Council of Toledo, O. has asked for an appropriation of \$2,000,000 to establish a municipal bus line in that city.

Al Jolson and
Wife to Make
Up Is Gossip

The reconciliation has just won't quit buzzing about Al Jolson, comedian, and the former Mrs. Jolson. All of the time they were in this city, with Jolson and his wife guests at the Hotel Oakland, rumors that their differences would be smoothed away were plentiful.

And today from Atlantic City comes a press despatch that Jolson is there and that, very surprisingly, Mrs. Jolson has arrived and is lodged again at the same hotel as her husband.

The Jolsonians have been residents of Oakland when they were not on the road, for a long time. Mrs. Jolson was recently granted a divorce in the midst of the reconciliation rumors. Jolson went east to Atlantic City. Mrs. Jolson went east to Atlantic City. They fetched up in the same hotel. Hear this from the comedian:

"I'll tell you how she happened to be here. I had heard that she was feeling badly, looked a bit piqued and seemed to be pestered over matters. I thought a trip here might do her good, so I managed to get some of her friends to induce her to take a trip to Atlantic City. She happened to put up at the same hotel where I am stopping. That's all there is to it."

SNOW MEETS
HIKERS FROM
SIERRA CLUB

That 235 members of the Sierra Club have been struggling through snow and ice and over frozen mountain lakes in their hike over Muir Pass, was in the information received in Oakland today from W. P. Colby, who is in charge of the party. By far the greatest number of hikers are from Oakland, Berkeley and Alameda, Colby says. Much trouble is being experienced with the pack mules, which were brought to the state from Nevada. The club is behind schedule on its trip.

AUTHOR'S AIDE SENTENCED

NEW YORK, July 20.—Paul Dar, former secretary to Rex Beach the novelist, was sentenced to serve a maximum of three years in the penitentiary after being convicted of forgery in connection with misuse of signed checks entrusted to him by Beach.

BABY IS INMATE
OF JAIL AFTER
FATHERS' ARREST

Baby Swanson, 18 months old, passed last night in the Alameda County Jail because his father, Martin Swanson, had been arrested on charge of kidnapping, and Police Inspector Joe Robinson decided that Matron C. M. Baxter should have temporary custody of the child.

I love it as much as its mother," declared Mrs. Clara Swanson. Swanson was arrested by Police Inspector Alexander Trotter at his home 915 Fallon street, following the arrival of Mrs. Rita Swanson from Seattle with a warrant charging that he had kidnapped his own child. The father says he will fight extradition, according to the police.

The Swansons were divorced in Seattle a year ago, when she was awarded the custody of the first wife claims of the infant. A month ago the child was kidnapped, she alleges, but she did not suspect her former husband until a description of him was furnished by a taxi driver.

A suitcase of toys and clothing was taken to the jail last night by Mrs. Rita Swanson, following the decision of Robinson.

Australia Warns
Of Oil Shortage

WASHINGTON, July 20.—American shipping interests are warned of an acute fuel oil shortage in Australia, in a report received by the department of commerce from the American consul at Sydney, suggesting the advisability of diverting oil-burning ships from the Australian trade. The consul reported that recently two American steamships, the Lorrain and the Cronius, had been forced to lay up at Sydney to have coal-burning equipment substituted for oil burning, because they were unable to secure sufficient oil.

Unless they have fuel capacity sufficient for the round trip, or at least for the return to Panama, no American oil-burning ships should be used at this time in Australian trade, the consul declared.

San Quentin Study
Courses Popular

SACRAMENTO, July 20.—Reports received by Sam Cohn, statistician in the State Board of Education show there are 1039 prisoners in San Quentin prison enrolled in industrial training classes, which will prepare them to earn an honest living after their release.

Agricultural classes meet with the most favor, 108 having enrolled in this department. Forty of the prisoners are receiving instruction in automobile repairing and the remaining members of the prison school are studying languages, history, science and medicine.
